JUL - 1 1993

U.S. Department of Transportation
Research and Special Programs Administration

400 Seventh Street, S.W.
Washington, D.C. 20590

DOT-E 11051

EXPIRATION DATE: December 20, 1993

(FOR RENEWAL, SEE 49 CFR SECTION 107.105.)

1. GRANTEE: GLNX Corporation, The Woodlands, Texas

2. PURPOSE AND LIMITATION: This emergency exemption authorizes the transportation of certain DOT Class 112 tank cars containing liquefied petroleum gas and conforming with all of the applicable requirements for such cars except that the tank cars have air brake equipment support attachments welded directly to the tank shell. This exemption provides no relief from any regulation other than as specifically stated.

3. REGULATORY SYSTEM AFFECTED: 49 CFR Parts 106, 107 and 171-180.

4. REGULATIONS FROM WHICH EXEMPTED: 49 CFR 173.31(a)(7) and 179.100-16.

5. BASIS. This emergency exemption is based on GLNX Corporation's application of June 17, 1993, submitted in accordance with 49 CFR 107.113, and a determination that it is necessary for the protection of life and property.

6. HAZARDOUS MATERIALS (49 CFR 172.101):

Hazardous materials description/proper shipping name	Hazard Class or Division	Identification number	Packing Group
Liquefied Petroleum Gas	2.1	UN 1075	N/A

7. PACKAGING(S) and SAFETY CONTROL MEASURES:

a. PACKAGING - Packagings prescribed are DOT Specification 112J340W tank cars (Serial Numbers on file with the Office of Hazardous Materials Exemptions and Approvals) conforming with all applicable DOT requirements (49 CFR Parts 100-299), except that the tank cars are equipped with air brake equipment support attachments welded directly to the tank shell.

b. MARKING - Tank cars must be marked "DOT-E 11051" in four inch letters on a contrasting background above the DOT specification number.

8. SPECIAL PROVISIONS.

a. Tank cars will move between points of origin and destination as designated and described in the application. If further transportation is necessary to effect repairs, the applicant shall notify the Federal Railroad Administration (FRA) at the phone numbers shown below, prior to the movement, of the proposed destination, route and duration.

b. Additional tank cars, not previously identified, may be transported under the terms of this exemption, provided that prior approval is granted by the Associate Administrator for Safety, Federal Railroad Administration, at the address identified below. Application to include additional cars must include specific information concerning tank car reporting marks, current location, contents, destination, proposed route and duration.

b. Persons who receive packages covered by this exemption may reoffer them for transportation provided no modifications or changes are made to the packages, all terms of this exemption are complied with, and a current copy of this exemption is maintained at each facility from which such reoffering occurs.

9. MODES OF TRANSPORTATION AUTHORIZED. Rail freight.

10. MODAL REQUIREMENTS:

a. After effecting repairs, and prior to release from the repair facility into transportation, the applicant, or car owner, shall transmit to the FRA (at the address shown below) or by facsimile (FAX 202-366-7136) the appropriate Association of American Railroads Form (i.e. Form 4-2 or R-1) indicating that the tank cars were modified in accordance with 49 CFR 179.100-16.

11. COMPLIANCE. Failure by a person to comply with any of the following may result in suspension or revocation of this exemption and penalties prescribed by the Hazardous Materials Transportation Act:

- All terms and conditions prescribed in this exemption and the Hazardous Materials Regulations, Parts 171-180.

- Any use or application of this exemption, including display of its number, when the exemption has expired or is otherwise no longer in effect unless a regulation has been amended making the exemption no longer necessary.

- Registration required by 49 CFR 107.601 et seq., when applicable.

12. REPORTING REQUIREMENTS.

a. The carrier is required to report any incident involving loss of packaging contents or packaging failure to the Associate Administrator for Hazardous Materials Safety as soon as practicable. (49 CFR 171.15 and 171.16 apply to any activity undertaken under the authority of this exemption.)

b. The Federal Railroad Administration is to be notified if any unusual incident occurs such as derailment or tank car tank damage, during the movement by contacting the:

Federal Railroad Administration
Office of Safety, RRS-12
400 Seventh Street, S.W.
Washington, D.C. 20590
(202) 366-9178 or 366-0549

Issued at Washington, D.C.:

Alan I. Roberts
Associate Administrator
for Hazardous Materials Safety
