

2/8/77

NAMES OF PERSONS:

Called: Buck Furrow, Technical Division, MTP-30
Caller: Ivan A. Huntoon, MTP-50-CE

SUBJECT: Interpretation of Part 195 - Opinions

DIGEST:

(1) ?195.428 Is it valid only for overpressure protection devices as title indicates?

Furrow: Feels it would apply to any device for pressure control - high or low pressure.

(2) ?195.1 Is a lateral operating at less than 20% SMYS jurisdictional if it is a part of a system which operates over the 20% limit?

Furrow: Some problems have arisen with this article, but is of opinion this exclusion would apply only to an entire pipeline system operating at less than 20% SMYS.

Ivan A. Huntoon
