**DOT-E 9019 (EXTENSION)**  
**FIRST REVISION April 12, 1985**

In accordance with 49 CFR 107.105 of the Department of Transportation (DOT) Hazardous Materials Regulations DOT-E 9019 is hereby extended for the party(ies) listed below by changing the expiration date in paragraph 10 to September 30, 1994. This change is effective from the issue date of this extension. All other terms of the exemption remain unchanged.

This extension applies only to party(ies) listed below based on the application(s) received in accordance with 49 CFR 107.105. This extension constitutes a necessary part of this exemption and must be attached to it.

DOT-E 9019  
(FIRST REVISION)

1. Completion Services, Inc., Lafayette, Louisiana, is hereby granted an exemption from those provisions of this Department's Hazardous Materials Regulations specified in paragraph 5 below to offer packages prescribed herein of certain flammable, or corrosive liquids for transportation in commerce subject to the requirements specified herein. This exemption authorizes the use of marine portable tanks, and provides no relief from any regulation other than as specifically stated.
2. BASIS. This exemption is based on Completion Services, Inc.'s, application dated December 19, 1984, submitted in accordance with 49 CFR 107.105 and the public proceeding thereon.
3. HAZARDOUS MATERIALS (Descriptor and class). Hydrochloric acid solution, inhibited; hydrofluoric acid solution; hypochlorite solution, classed as a corrosive material; isopropanol; methyl alcohol; resin solution; xylene, classed as a flammable liquid.
4. PROPER SHIPPING NAME (49 CFR 172.101). Chemical name or generic description, as appropriate.
5. REGULATION AFFECTED. 49 CFR 173.119, 173.125, 173.263, 173.264, 173.277; 46 CFR 64.9.
6. MODES OF TRANSPORTATION AUTHORIZED. Motor vehicle.
7. SAFETY CONTROL MEASURES. Packagings prescribed are DOT specification marine portable tanks, approved by the U.S. Coast Guard, designed and constructed by Maencor, Inc. in accordance with drawing D-550 MPT and Industrial Equipment and Engineering Inc. in accordance with drawings J-10234-3 and ISC1000L, technical specifications and calculations on file with the Office of Hazardous Materials Regulation (OHMR). Tanks bear owner's serial numbers CGL-601 through CGL-752 and CGL-1001 through CGL-1040.
8. SPECIAL PROVISIONS.
  - a. Each portable tank must be plainly marked on both sides near the middle, in letters at least two inches high on a contrasting background, "DOT-E 9019."
  - b. Hydrostatic test certificates for each tank must be maintained by the owner or manufacturer at its principal business office and be made available to any representative of the DOT upon request.
  - c. The venting capacity required for each product must be determined by the flow formulas contained in the Compressed Gas Association (CGA) pamphlet S-1.2 and must not exceed the total capacity available in any tank.

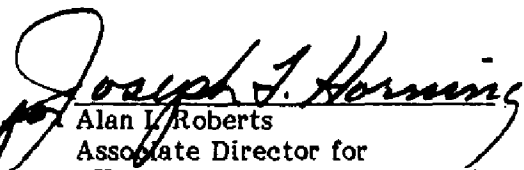

d. The tank must be filled so as not to be liquid full at less than or equal to 130° F.

e. Each tank must be reinspected and retested as specified in 46 CFR 64.77 through 46 CFR 64.83. Additionally, each tank must be visually inspected prior to each trip to insure that it has not been damaged on the previous trip.

9. REPORTING REQUIREMENTS. Any incident involving loss of contents of the package must be reported to the Office of Hazardous Materials Regulation as soon as practicable.

10. EXPIRATION DATE. March 10, 1987.
