1. GRANTEE: Applied Pressure Vessels, Inc. Valencia, CA

2. PURPOSE AND LIMITATIONS:
   a. This special permit authorizes the manufacture, mark, sale and use of a non-refillable, non-DOT specification cylinder described in paragraph 7. for the transportation in commerce of certain Division 2.2 compressed gases. This special permit provides no relief from any Hazardous Materials Regulations (HMR) other than as specifically stated herein. The most recent revision supersedes all previous revisions.
   b. The safety analyses performed in development of this special permit only considered the hazards and risks associated with transportation in commerce.
   c. In accordance with 49 CFR 107.107(a) party status may not be granted to a manufacturing permit. These packaging maybe used in accordance with 49 CFR 173.22a.

4. REGULATIONS FROM WHICH EXEMPTED: 49 CFR § 173.302a(a) in that a non-DOT specification cylinder is not authorized, except as specified herein.
5. **BASIS:** This special permit is based on the application of Applied Companies dated February 5, 2021, submitted in accordance with § 107.109.

6. **HAZARDOUS MATERIALS (49 CFR § 172.101):**

7. **SAFETY CONTROL MEASURES:**

   a. **PACKAGING:** Prescribed packaging is a non-refillable, non-DOT specification cylinder conforming with Applied Companies' drawing 333-47 Rev. A and referenced drawings on file with the Office of Hazardous Materials Safety Approvals and Permits Division (OHMSAPD) and DOT Specification 39 (§ 178.65), except as follows:

   § 178.65(a)(1) - Maximum size is 30 cubic inches nominal with a maximum service pressure of 10,000 psig.

   § 178.65(a)(2) - Minimum test pressure is 16,500 psig.

   § 178.65(b)(1) - Material: The cylinder must be constructed of AISI 4130 steel.

   § 178.65(c)(2) - (add) viii. All welds must be 100 percent radiographed and magnetic particle inspected after hydrostatic test and must be defect free.
§ 178.65(f)(2)(i) - A failure occurs at a gauge pressure less than 2.5 times the marked service pressure.

§ 178.65(i)(2)(i) - Each cylinder must be marked as specified in this section except "DOT-SP 10064" must be substituted for "DOT-39".

b. The cylinders must be shipped in strong outside packagings in accordance with § 173.301(a)(9).

c. Prototype packagings must have been qualified under the qualification program as described in the application prior to initial shipment.

8. SPECIAL PROVISIONS:

a. In accordance with the provisions of Paragraph (b) of § 173.22a, persons may use the packaging authorized by this special permit for the transportation of the hazardous materials specified in paragraph 6, only in conformance with the terms of this special permit.

b. A person who is not a holder of this special permit, but receives a package covered by this special permit, may reoffer it for transportation provided no modifications or changes are made to the package and it is offered for transportation in conformance with this special permit and the HMR.

c. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.

d. Each packaging manufactured under the authority of this special permit must be marked with a registration symbol designated by the Office of Hazardous Materials Special Permits and Approvals for a specific manufacturing facility.

e. A current copy of this special permit must be maintained at each facility where the package is manufactured under this special permit. It must be made available to a DOT representative upon request.
9. MODES OF TRANSPORTATION AUTHORIZED: Motor vehicle, rail freight and cargo aircraft only.

10. MODAL REQUIREMENTS: A current copy of this special permit must be carried aboard each motor vehicle and aircraft used to transport packages covered by this special permit. The shipper must furnish a current copy of this special permit to the air carrier before or at the time the shipment is tendered.

11. COMPLIANCE: Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:

   o All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.

   o Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.

   o Registration required by § 107.601 et seq., when applicable.

Each "Hazmat employee", as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.

No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

permit to be granted up to two years for new special permits and up to four years for renewals.

12. REPORTING REQUIREMENTS: Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 Immediate notice of certain hazardous materials incidents, and 171.16 Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:
