1. Florida Drum Company, Inc., Pine Bluff, Arkansas, is hereby
granted an exemption from certain provisions of this Department’s
Hazardous Materials Regulations to manufacture, mark, and sell
the packaging described in paragraph 7 below for use in the
transportation in commerce of the various hazardous materials
described in paragraph 3 below, subject to the requirements
specified herein. This exemption authorizes the manufacture,
marking, and sale of non-DOT specification steel drums, and
provides no relief from any regulation other than as specifically
stated.

2. BASIS. This exemption is based on Florida Drum Company’s
application dated July 30, 1990, submitted in accordance with 49
CFR 107.103 and the public proceeding thereon.

3. HAZARDOUS MATERIALS (Descriptor and class). Hazardous
materials currently authorized to be packaged in DOT 17E
Specification steel drums having capacities of 35-gallons or
less.

4. PROPER SHIPPING NAME (49 CFR 172.101). As specified in 49
CFR 172.101; or the specific chemical name or generic commodity
description, as appropriate.

5. REGULATION AFFECTED. 49 CFR 178.116-7(a), Part 173
Subparts D, E, F and H.

6. MODES OF TRANSPORTATION AUTHORIZED. Motor vehicle and
rail freight.

7. SAFETY CONTROL MEASURES. Packaging prescribed is a non-DOT
specification steel drum manufactured in conformance with DOT
Specification 17E except that the top head is slightly concave;
convex surfaces are provided locally in the vicinity of the
two(2) openings. This specially designed head is shown on Florida
Drum Drawing S-ARTICLE-007, dated June 10, 1990, on file with the

8. SPECIAL PROVISIONS.

a. Offerers for transportation of hazardous materials
specified in this exemption may use the packaging described
in this exemption for the transportation of such hazardous
materials so long as no modifications or changes are made to
the packages, all terms of this exemption are complied with,
and a copy of the current exemption is maintained at each
facility from which such offering occurs.
Continuation of DOT-E 10432

b. Each drum shall be marked as required by § 178.116-10 except the marking "DOT-E 10432" shall be displayed in place of "DOT 17E."

c. A copy of this exemption, in its current status, must be maintained at each manufacturing facility at which this packaging is manufactured and must be made available to a DOT representative upon request.

d. Each packaging manufactured under the authority of this exemption must be either (1) marked with the name of the manufacturer and location (city and state) of the facility at which it is manufactured or (2) marked with a registration symbol designated for a specific manufacturing facility.

e. The weight or capacity limitations and inside packaging requirements contained in 49 CFR Part 173, Subparts D, E, F and H for DOT Specification 17E steel drums apply to packagings authorized under this exemption.

f. Shippers using the packaging covered by this exemption must comply with the shipping paper, marking, labeling, and placarding requirements of 49 CFR Part 172; the special packaging requirements of 49 CFR 173.3a for certain poisonous materials; all provisions of this exemption, and all other applicable requirements contained in 49 CFR Parts 100-180.

9. REPORTING REQUIREMENTS. Any incident involving loss of packaging contents or packaging failure must be reported to the Associate Administrator for Hazardous Materials Safety as soon as practicable. (49 CFR 171.15 and 171.16 apply to any activity undertaken under the authority of this exemption.)
