U.S. Department of Transportation

Pipeline and Hazardous Materials Safety Administration

DOT-SP 11510
(TENTH REVISION)

EXPIRATION DATE: 2024-10-31

(FOR RENEWAL, SEE 49 CFR 107.109)

1. GRANTEE: McCall Aviation, Inc.
   McCall, ID
   FAA Certificate Number: M2LA280K (Part 135)

2. PURPOSE AND LIMITATION:
   a. This special permit authorizes the transportation in commerce, compliant with 14 CFR Part 135 operations, in remote areas of the US only, of certain DOT specification cylinders containing Propane, a Division 2.1 gas, which is forbidden for shipment aboard passenger-carrying aircraft. This special permit provides no relief from the Hazardous Materials Regulations (HMR) other than as specifically stated herein.
   b. The safety analyses performed in development of this special permit only considered the hazards and risks associated with transportation in commerce.
   c. No party status will be granted to this special permit.
   d. This special permit does not grant the authority to use foreign controlled airspace or airports outside the United States.

4. REGULATIONS FROM WHICH EXEMPTED: 49 CFR 172.101 Hazardous Materials Table Column (9A) in that the material is forbidden for transportation aboard passenger-carrying aircraft; § 175.75 in that segregation is required, except as specified herein.

5. BASIS: This special permit is based on the application of McCall Aviation, Inc. dated October 15, 2020, submitted in accordance with § 107.109.

6. HAZARDOUS MATERIALS (49 CFR 172.101):

7. PACKAGING AND SAFETY CONTROL MEASURES:

a. PACKAGING: Packagings prescribed are DOT specification 4BA and/or 4BW cylinders. Prior to loading the cylinders aboard the aircraft, the Pilot in Command must check the cylinders for possible leakage, exterior rust, dents on the sidewall of the cylinder, must ensure that the valve is closed tightly, and must perform a visual check for cylinder integrity. The cylinders must be loaded and secured in a vertical position that will prevent movement during transportation.

b. No more than 60 pounds net weight of propane may be transported aboard each aircraft.

8. SPECIAL PROVISIONS: This special permit authorizes the use of small passenger-carrying aircraft for the transportation of not more than 60 pounds net weight of propane within remote areas of the United States, where transportation by air is the only practical means of delivering the propane. Revenue paying passengers are permitted to be onboard the aircraft during the transportation of the propane when:

a. Carriage of propane is necessary to meet the needs of a passenger on the same aircraft; and
b. Each area or compartment in which the propane is loaded is suitably ventilated to prevent the accumulation of vapors.

c. Before each flight, the pilot-in-command must:

   (1) Inform each passenger of the location of the propane and the hazards involved; and

   (2) Prohibit smoking, lighting matches, the carrying of any lighted cigar, pipe, cigarette or flame, and the use of anything that might cause an open flame or spark, while loading or unloading or in flight.

9. **MODES OF TRANSPORTATION AUTHORIZED**: Passenger-carrying aircraft.

10. **MODAL REQUIREMENTS**: A current copy of this special permit must be carried aboard each aircraft used to transport packages covered by this special permit.

   a. **Authorized Aircraft**: Aircraft used under this special permit must be authorized as part of an FAA 14 CFR Part 135 Operating Certificate. The aircraft cannot have more than nine seats.

   b. **Operations Manual**: FAA 14 CFR Part 135 operations must be conducted in accordance with conditions and limitations specified in the certificate holder's FAA-approved manual.

   c. **Authorized persons aboard aircraft**: Revenue paying passengers are authorized to be onboard the aircraft during the transportation of the propane in accordance with the documented authorization of the FAA’s Principal Operations Inspector.

11. **COMPLIANCE**: Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:

   o All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.
Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable. In addition, the air carrier must comply with all cargo security mandates as required by the air carrier's applicable TSA approved security program and associated security directives.

Registration required by § 107.601 et seq., when applicable.

Each “Hazmat employee”, as defined in § 171.8 who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by § 172.700 through § 172.704.

No person may use or apply this special permit, including display of its number, when the special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) – “The Hazardous Materials Safety and Security Reauthorization Act of 2005” (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term “exemption” to “special permit” and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. REPORTING REQUIREMENTS: Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 Immediate notice of certain hazardous materials incidents, and 171.16 Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for
Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:
