(iii) Each tank may be loaded to a maximum gross weight on rail not to exceed 272,000 pounds, provided that the tank is not loaded in excess of the amount authorized per §173.24b.

(iv) The minimum allowable thickness, after any metal loss, is 0.452-inches in the shell and heads.

b. MARKING - Each tank car operating under the terms of this exemption must be marked "DOT E 12360" in four inch letters and numerals on a contrasting background above the DOT Specification number.

8. SPECIAL PROVISIONS:

a. A person who is not a holder of this exemption who receives a package covered by this exemption may reoffer it for transportation provided no modifications or changes are made to the package and it is reoffered for transportation in conformance with this exemption and the HMR.

b. A current copy of this exemption must be maintained at each facility where the package is offered or reoffered for transportation.

c. Each tank car may be operated only under controlled interchange conditions, as specified in the AAR Interchange Rules. Transit routes must be agreed to, in writing, by participating railroads. The written acceptance must be submitted to the Associate Administrator for Hazardous Materials Safety (AAHMS) at the address specified at the end of this exemption prior to the first offering on each route.

d. The requirement for marking the exemption number on the shipping paper in § 172.203(a) is waived.

e. The applicant must file a copy of their complete maintenance program for any car operating under the terms of this exemption. The program must be filed with the Federal Railroad Administration, at the address indicated in paragraph 10 prior to offering a tank car under the terms of this exemption.
9. **MODES OF TRANSPORTATION AUTHORIZED:** Rail freight.

10. **MODAL REQUIREMENTS:** The Federal Railroad Administration must be notified if any unusual incident occurs during the movement by contacting the:

    Federal Railroad Administration  
    Hazardous Materials Division  
    RRS-12, Mail Stop 25  
    1120 Vermont Avenue, N.W.  
    Washington, D.C. 20590

11. **COMPLIANCE:** Failure by a person to comply with any of the following may result in suspension or revocation of this exemption and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:

    o All terms and conditions prescribed in this exemption and the Hazardous Materials Regulations, 49 CFR Parts 171-180.

    o Registration required by § 107.601 et seq., when applicable.

    Each "Hazmat employee" as defined in § 171.8, who performs a function subject to this exemption must receive training on the requirements and conditions of this exemption in addition to the training required by §§ 172.700 through 172.704.

    No person may use or apply this exemption, including display of its number, when the exemption has expired or is otherwise no longer in effect.

12. **REPORTING REQUIREMENTS:** The carrier is required to report any incident involving loss of packaging contents or packaging failure to the AAHMS as soon as practicable. (Sections 171.15 and 171.16 apply to any activity undertaken under the authority of this exemption.) In addition, the holder(s) of this exemption must inform the AAHMS, in writing, of any incident involving the package and shipments made under the terms of this exemption.
