1. **GRANTEE:** (See individual authorization letter)

2. **PURPOSE AND LIMITATION:**
   a. This special permit authorizes the one-way, one-time transportation in commerce of sodium in a non-DOT specification containment system. This special permit provides no relief from the Hazardous Materials Regulations (HMR) other than as specifically stated herein.
   
b. The safety analyses performed in development of this special permit only considered the hazards and risks associated with transportation in commerce.
   
c. Unless otherwise stated herein, this special permit consists of the special permit authorization letter issued to the grantee together with this document.

3. **REGULATORY SYSTEM AFFECTED:** 49 CFR Parts 106, 107 and 171-180.

4. **REGULATIONS FROM WHICH EXEMPTED:** 49 CFR § 173.211(a) in that the use of a non-DOT specification packaging system is not authorized, except as specified herein.

5. **BASIS:** This special permit is based on the application of the U.S. Department of Energy (DOE) dated September 22, 2004, submitted in accordance with § 107.105 and the public proceeding thereon and additional information dated November 6, 2006.
6. **HAZARDOUS MATERIALS (49 CFR 172.101):**

7. **SAFETY CONTROL MEASURES:**

   a. **PACKAGING** - Packaging authorized is a non-DOT specification stainless steel containment system that consists of a piping section on each of two linear induction pumps manufactured by MSA Research Corporation. Each pump must be drained to the maximum extent practical and contain only residual sodium in less quantity than ONE (1) pound. Details of the containment system are described in the application on file with the Office of Hazardous Materials Special Permits and Approvals (OHMSPA).

   b. **OPERATIONAL CONTROLS** -

   (1) The stainless steel piping section on each linear induction pump must be sealed at both ends with welded stainless steel caps.

   (2) Each linear induction pump must be placed horizontally and secured onto a wooden pallet with wood forms and bracing used to provide additional protection for the piping protrusions.

   (3) The linear induction pumps containing sodium may only be transported from Sandia National Laboratories at Albuquerque, New Mexico, to Creative Engineers, Inc. in York, Pennsylvania with no intermediate pick-ups or deliveries.

   (4) No other hazardous materials may be loaded on the transport vehicle.
8. SPECIAL PROVISIONS:

a. A current copy of this special permit must be maintained at the facility where the package is offered for transport.

b. Each linear induction pump must be plainly and durably marked "DOT-SP 13956" as specified in §§ 172.302(b) and (c).

c. Packagings permanently marked 'DOT-E 13956', prior to October 1, 2007 may continue to be used under this special permit for the remaining service life of the packaging or until the special permit is no longer valid. Packagings marked on or after October 1, 2007 must be marked 'DOT-SP 13956'.

d. Shipping papers displaying 'DOT-E 13956' may continue to be used until October 1, 2007, provided the special permit remains valid.

9. MODES OF TRANSPORTATION AUTHORIZED: Motor vehicle.

10. MODAL REQUIREMENTS: A current copy of this special permit must be carried aboard the motor vehicle used to transport packages covered by this special permit.

11. COMPLIANCE: Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:

- All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.

- Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.

- Registration required by § 107.601 et seq., when applicable.

Each "Hazmat employee", as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.
No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU)- 'The Hazardous Materials Safety and Security Reauthorization Act of 2005' (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term 'exemption' to 'special permit' and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. REPORTING REQUIREMENTS: Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 - Immediate notice of certain hazardous materials incidents, and 171.16 - Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:
