**Pipeline and Hazardous
Materials Safety
Administration**

September 20, 2021

1200 New Jersey Avenue, SE
Washington, DC 20590

DOT-SP 14656
(EIGHTH REVISION)

EXPIRATION DATE: 2025-08-31

(FOR RENEWAL, SEE 49 CFR 107.109)

1. GRANTEE: PurePak Technology Corporation
Gilbert, AZ
2. PURPOSE AND LIMITATIONS:
 - a. This special permit authorizes the manufacture, mark, sale, and use of certain combination packaging for the transportation in commerce of the hazardous materials authorized by this special permit. This special permit provides no relief from the Hazardous Materials Regulations (HMR) other than as specifically stated herein. The most recent revision supersedes all previous revisions.
 - b. The safety analyses performed in development of this special permit only considered the hazards and risks associated with transportation in commerce. The safety analyses did not consider the hazards and risks associated with consumer use, use as a component of a transport vehicle or other device, or other uses not associated with transportation in commerce.
 - c. In accordance with 49 CFR 107.107(a), party status may not be granted to a manufacturing special permit. These packagings may be used in accordance with 49 CFR 173.22a.
3. REGULATORY SYSTEM AFFECTED: 49 CFR Parts 106, 107 and 171- 180.
4. REGULATIONS FROM WHICH EXEMPTED: 49 CFR § 173.158(f)(3) in that the inner packagings must be individually overpacked in tightly closed metal packagings, except as provided herein.
5. BASIS: This special permit is based on the application of PurePak Technology Corporation dated September 9, 2021, submitted in accordance with § 107.109.

6. HAZARDOUS MATERIALS (49 CFR 172.101):

Hazardous Materials Description			
Proper Shipping Name	Hazard Class/ Division	Identification Number	Packing Group
Nitric acid <i>other than red fuming, with not more than 70 percent nitric acid</i>	8	UN2031	II

7. SAFETY CONTROL MEASURES:

a. PACKAGING: Prescribed combination packaging consists of a doublewall fiberboard box with up to six (6) inner plastic square bottles of up to 2.6 liter capacity as described in the gh Package & Product Testing and Consulting of Arizona, Inc. test report File #U-4220-07, Ten-E Packaging Services, Inc. Test Report #09-7229, and Ten-E Packaging Services, Inc. Test Report #12-7065; or a doublewall fiberboard box with up to six (6) inner plastic round bottles of up to 500 milliliter capacity as described in Ten-E Packaging Services, Inc. Test Report #12-7063 (REV 1) on file with the Office of Hazardous Materials Safety (OHMS). Additionally:

- (1) Each inner plastic bottle must be blow-molded using PurePak Technology Corporation PPQ Resin as described in the application on file with OHMS.
- (2) The inner bottles must be closed using either tamper evident, 45 mm ribbed threaded caps or 38 mm threaded caps as described in the above listed test reports.
- (3) The outer packaging may be closed by either method described in the above listed test reports.
- (4) There may be no void space in the package.
- (5) As authorized in § 178.601(g)(4) (selective testing - Variation 4), the outer fiberboard box length and/or width may be reduced for a lesser quantity of inner packagings provided that all the conditions specified in § 178.601(g)(4) are met.

b. OPERATIONAL CONTROLS: This special permit authorizes the transportation of the hazardous materials in the prescribed packagings without the inner packagings being overpacked in tightly closed metal packagings.

c. MARKING: Each package must be plainly and durably marked "DOT-SP 14656" as required by § 172.301(c).

8. SPECIAL PROVISIONS:

a. In accordance with the provisions of Paragraph (b) of § 173.22a., persons may use the packaging authorized by this special permit for the transportation of the hazardous materials specified in paragraph 6, only in conformance with the terms of this special permit.

b. A person who is not a holder of this special permit, but receives a package covered by this special permit, may reoffer it for transportation provided no modification or change is made to the package and it is offered for transportation in conformance with this special permit and the HMR.

c. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.

d. Each packaging manufactured under the authority of this special permit must be either (1) marked with the name of the manufacturer and location (city and state) of the facility at which it is manufactured or (2) marked with a registration symbol designated by OHMS for a specific manufacturing facility or (3) marked with the assigned identification symbol and number by a DOT recognized approval agency that identifies a specific manufacturing facility.

e. A current copy of this special permit must be maintained at each facility where the packaging is manufactured under this special permit. It must be made available to a DOT representative upon request.

9. MODES OF TRANSPORTATION AUTHORIZED: Motor vehicle, rail freight, and cargo vessel.

10. MODAL REQUIREMENTS: A current copy of this special permit must be carried aboard each cargo vessel or motor vehicle used to transport packages covered by this special permit.

11. COMPLIANCE: Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:

- o All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.
- o Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.
- o Registration required by § 107.601 et seq., when applicable.

Each “Hazmat employee”, as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.

No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU)—“The Hazardous Materials Safety and Security Reauthorization Act of 2005” (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term “exemption” to “special permit” and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. **REPORTING REQUIREMENTS:** Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 Immediate notice of certain hazardous materials incidents, and 171.16 Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:

for William Schoonover
Associate Administrator for Hazardous Materials Safety

Address all inquiries to: Associate Administrator for Hazardous Materials Safety, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, East Building PHH-13, 1200 New Jersey Avenue, Southeast, Washington, D.C. 20590.

Copies of this special permit may be obtained by accessing the Hazardous Materials Safety Homepage at <https://www.phmsa.dot.gov/approvals-and-permits/hazmat/special-permits-search>. Photo reproductions and legible reductions of this special permit are permitted. Any alteration of this special permit is prohibited.
