1. GRANTEE: Pacific Northwest National Laboratory (PNNL)
   Richland, WA

2. PURPOSE AND LIMITATION:
   a. This special permit authorizes the transportation in commerce of specified Pacific Northwest National Laboratory (PNNL) sealed radioactive sources in designated DOT specification 6M packagings after October 1, 2008, in order to allow the grantee a transition period to performance oriented package use. This special permit provides no relief from the Hazardous Materials Regulations (HMR) other than as specifically stated herein. The most recent revision supersedes all previous revisions.
   
   b. The safety analyses performed in development of this special permit only considered the hazards and risks associated with transportation in commerce. The safety analyses did not consider the hazards and risks associated with consumer use, use as a component of a transport vehicle or other device, or other uses not associated with transportation in commerce.
   
   c. No party status will be granted to this special permit.

4. REGULATIONS FROM WHICH EXEMPTED:
   a. 49 CFR § 173.416(c) insofar as the 6M packagings and radioactive contents specified herein are authorized for shipments exceeding an A₂ quantity of normal form radioactive material, after October 1, 2008.
b. 49 CFR § 173.417(c) insofar as the 6M packagings and radioactive contents specified herein are authorized for fissile materials shipments, after October 1, 2008.

5. BASIS: This special permit is based on the application of Pacific Northwest National Laboratory (PNNL) dated January 22, 2009, submitted in accordance with § 107.105 and the public proceeding thereon.

6. HAZARDOUS MATERIALS (49 CFR § 172.101):

7. SAFETY CONTROL MEASURES:

a. PACKAGING -

(i) This special permit is limited to 6M specification packagings with serial numbers FBF S/N PNNL 031, FBF S/N PNNL 032, and FBF S/N PNNL 033.

(ii) The packages must be in conformance with all aspects of the requirements of 49 CFR Subchapter C in effect on October 1, 2003.

b. OPERATIONAL CONTROLS -

(i) This special permit is limited to no more than six consignments per week consisting of no more than the three specified packages, between the Hanford Site 300 Area and the HAMMER Site.

(ii) The package contents are limited to sealed Radioactive Source #s 19B14B, 19B14C, 318-54, 56238-81-B, M-710, and No. 97.
(iii) Package contents and the Criticality Safety Index of each package and consignment must be as described in the application dated January 22, 2009.

(iv) Packaging inspections and loading must be conducted in accordance with the current revision of Appendix C – Inspection and Packaging Procedure for Shipping Type B or Fissile Quantities in a DOT Specification 6L or 6M Drum, provided in the additional technical information dated September 29, 2008.

(v) The use, repair, and maintenance of the specification packages must be conducted in accordance with a current revision of PNNL Document HMT&P-QA-01, Hazardous Materials Transportation & Packaging Quality Assurance Plan.

(vi) Transport must be conducted using PNNL vehicles and drivers taking the most direct route available.

(vii) No other packages (hazardous or non-hazardous) may be transported on the same motor vehicle as the 6M packages described herein.

(viii) Shipments must be escorted by a Radiation Control Technician and Material Balance Area Custodian.

(ix) Peak traffic times must be avoided.

(x) As replacement packages become available that are permitted for use in accordance with the HMR, they must be used to the extent practical in lieu of the specification packages described herein.

c. COMMUNICATIONS –

(i) Each shipping paper issued in connection with a shipment made under this special permit must bear the notation “DOT-SP 14773” and be located so that the notation is clearly associated with the description to which the special permit applies.

(ii) The outside of each package used under the terms of this special permit must be plainly and durably marked “DOT-SP 14773”.
8. **SPECIAL PROVISIONS:**

a. A person who is not a holder of this special permit who receives a package covered by this special permit may reoffer it for transportation provided no modifications or changes are made to the package or its contents and it is reoffered for transportation in conformance with this special permit and the HMR.

b. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.

c. A quarterly update of package transition activities (actual vs. scheduled milestones for design, testing, application, certification, production, and completion) must be provided to the Office of Hazardous Materials Special Permits and Approvals by January 1, April 1, July 1, and October 1 of each year this special permit is in effect.

9. **MODES OF TRANSPORTATION AUTHORIZED:** Motor Vehicle.

10. **MODAL REQUIREMENTS:** Motor vehicle transport must be exclusive use. A current copy of this special permit must be carried aboard each motor vehicle used to transport packages covered by this special permit.

11. **COMPLIANCE:** Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:

   o All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.

   o Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.

   o Registration required by § 107.601 et seq., when applicable.
Each "Hazmat employee", as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.

No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU)- 'The Hazardous Materials Safety and Security Reauthorization Act of 2005' (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term "exemption" to "special permit" and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. REPORTING REQUIREMENTS: Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 - Immediate notice of certain hazardous materials incidents, and 171.16 - Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:

for Theodore L. Willke
Associate Administrator for Hazardous Materials Safety

Copies of this special permit may be obtained by accessing the Hazardous Materials Safety Homepage at http://hazmat.dot.gov/sp_app/special_permits/spec_perm_index.htm. Photo reproductions and legible reductions of this special permit are permitted. Any alteration of this special permit is prohibited.
