November 28, 2016

(2) The drums must be loaded in or unloaded from the drum cages outside of the transport vehicle.

(3) The shipper must load each loaded drum cage into the enclosed transport vehicle. Once loaded, the drums may not be removed until at the intended destination.

(4) The drum cages must be blocked and braced or otherwise secured to prevent any movement incident to transportation.

(5) Drum cages may not be stacked within the transport vehicle.

(6) The shipper must seal the transport vehicle between destinations.

(7) The shipper must unload the drums from the transport vehicle at each location.

(8) Each dual drum cage must be inspected for damage and defects prior to each reuse. Damaged or defective drum cages must be repaired prior to reuse or removed from service.

8. SPECIAL PROVISIONS:

a. A person who is not a holder of this special permit who receives a package covered by this special permit may reoffer it for transportation provided no modification or change is made to the package and it is reoffered for transportation in conformance with this special permit and the HMR.

b. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.

9. MODES OF TRANSPORTATION AUTHORIZED: Motor vehicle.

10. MODAL REQUIREMENTS: A current copy of this special permit must be carried aboard each motor vehicle used to transport packages covered by this special permit.
