**Pipeline and Hazardous  
Materials Safety Administration**

DOT-SP 16150  
(SECOND REVISION)

**EXPIRATION DATE: 2025-03-31**

(FOR RENEWAL, SEE 49 CFR § 107.109)

1. GRANTEE: Egli Air Haul, Inc.  
King Salmon, AK
2. PURPOSE AND LIMITATION:
  - a. This special permit authorizes the transportation in commerce of certain hazardous materials by 14 CFR Part 133 Rotorcraft External Load Operations, transporting hazardous materials attached to or suspended from an aircraft, in remote areas of the US only, without being subject to certain hazard communication requirements and quantity limitations. This special permit provides no relief from the Hazardous Materials Regulations (HMR) other than as specifically stated herein. The most recent revision supersedes all previous revisions.
  - b. The safety analyses performed in the development of this special permit only considered the hazards and risks associated with the transportation in commerce.
  - c. No party status will be granted to this special permit.
  - d. This special permit does not grant the authority to use foreign controlled airspace or airports outside the United States.
  - e. This special permit does not waive any FAA airworthiness requirements or the need to obtain other required FAA authorizations.

**April 23, 2021**

3. REGULATORY SYSTEM AFFECTED: 49 CFR Parts 106, 107 and 171-180.
4. REGULATIONS FROM WHICH EXEMPTED: 49 CFR § 172.101 Hazardous Materials Table Column (9B) and § 175.30(a)(1) in that the quantity limitation for cargo-only aircraft may be exceeded; § 172.301(c) in that packages need not be marked with the special permit number.
5. BASIS: This special permit is based on the application of Egli Air Haul, Inc. dated March 23, 2021 submitted in accordance with § 107.109.
6. HAZARDOUS MATERIALS (49 CFR § 172.101):

<b>Hazardous Materials Description</b>			
<b>Proper Shipping Name</b>	<b>Hazard Class/Division</b>	<b>Identification Number</b>	<b>Packing Group</b>
Petroleum gases, liquefied or Liquefied petroleum gas	2.1	UN1075	N/A
Propane also see Petroleum gases, liquefied	2.1	UN1978	N/A

7. SAFETY CONTROL MEASURES:
- a. Packagings prescribed are DOT specification 4B240, 4BA240, and 4BW240 cylinders.
- b. All packages must be blocked and braced to prevent movement.
- c. Compressed gases must be secured in an upright position with protective caps and/or covers installed to prevent any unwanted discharge.
8. SPECIAL PROVISIONS:
- a. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.

**April 23, 2021**

- b. Materials transported by external load must comply with the safety controls specified in this section.
  - c. Alternative pilot-in-command notification procedures for 49 CFR Part 175.33, may be established subject to the written approval of the cognizant Regional Hazardous Materials Manager.
  - d. Operations conducted under the terms of this special permit are only authorized in remote areas of the US.
9. MODES OF TRANSPORTATION AUTHORIZED: Rotorcraft External Load Operations.
10. OPERATIONAL REQUIREMENTS: A current copy of this special permit must be carried aboard each aircraft used to transport materials covered by this special permit.
- a. Authorized Aircraft: Aircraft used under this special permit must be authorized as part of an FAA 14 CFR Part 133 Operating Certificate.
  - b. Operations Manual: FAA 14 CFR Part 133 operations must be conducted in accordance with conditions and limitations specified in the certificate holder's FAA-approved Rotorcraft Load Combination Flight Manual (RLCFM) and Hazardous Material Safety Mitigation Plan.
  - c. Authorized Persons Aboard Aircraft: No person may be carried on the aircraft other than as authorized by 14 CFR 133.35. Training or qualification of a new crewmember will not take place during the execution of this Special Permit.
11. COMPLIANCE: Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:
- o All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.
  - o Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.
  - o Registration required by § 107.601 et seq., when

**April 23, 2021**

applicable.

Each "Hazmat employee", as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.

No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU)—"The Hazardous Materials Safety and Security Reauthorization Act of 2005" (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term "exemption" to "special permit" and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. REPORTING REQUIREMENTS: Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 Immediate notice of certain hazardous materials incidents, and 171.16 Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:

for William Schoonover  
Associate Administrator for Hazardous Materials Safety

Address all inquiries to: Associate Administrator for Hazardous Materials Safety, Pipeline and Hazardous Material Safety Administration, U.S. Department of Transportation, East Building PHH-30, 1200 New Jersey Avenue, Southeast, Washington, D.C. 20590.
