**Pipeline and Hazardous
Materials Safety Administration**

DOT-SP 20573

EXPIRATION DATE: 2020-03-31

(FOR RENEWAL, SEE 49 CFR § 107.109)

1. GRANTEE: Siemens Gamesa Renewable Energy, Inc.
Orlando, FL
2. PURPOSE AND LIMITATION:
 - a. This special permit authorizes the transportation in commerce of hazardous materials in non-DOT specification accumulators that meet the requirements of 49 CFR § 173.306(f)(3) except the accumulators exceed the maximum gas space, and non-DOT specification cylinders that are shipped as components of wind power generating equipment. This special permit provides no relief from the Hazardous Materials Regulations (HMR) other than as specifically stated herein. The most recent revision supersedes all previous revisions.
 - b. The safety analyses performed in the development of this special permit only considered the hazards and risks associated with the transportation in commerce.
 - c. No party status will be granted to this special permit.
3. REGULATORY SYSTEM AFFECTED: 49 CFR Parts 106, 107 and 171-180.
4. REGULATIONS FROM WHICH EXEMPTED: 49 CFR § 173.222(c) in that the total net quantity of hazardous materials contained in one item of machinery or apparatus exceeds the quantities permitted.

5. BASIS: This special permit is based on the application of Siemens Gamesa Renewable Energy, Inc. dated October 23, 2017 submitted in accordance with § 107.105 and the public proceeding thereon.
6. HAZARDOUS MATERIALS (49 CFR 172.101):

Hazardous Materials Description			
Proper Shipping Name	Hazard Class/ Division	Identi- fication Number	Packing Group
Dangerous Goods in Machinery <i>or</i> Dangerous Goods in Apparatus	9	UN3363	N/A

7. SAFETY CONTROL MEASURES:

a. PACKAGING -

(1) Prescribed packaging must be constructed in accordance with the documentation on file with the Office of Hazardous Materials Approvals and Permits Division and is a:

(i) Non-DOT specification, non-refillable accumulator that meets the requirements of 49 CFR 173.306(f)(3) except that it exceeds the maximum gas space; or

(ii) Non-DOT specification steel cylinder.

(2) Each accumulator must be shipped at a charge pressure no greater than 135 bar (1,958 psi).

(3) Each steel cylinder must be shipped at a pressure no greater than atmospheric pressure.

(4) Each accumulator and cylinder must be shipped as a component of wind power generating equipment described as either the Nacelle unit or the HUB unit.

April 25, 2018

b. OPERATIONAL CONTROLS -

(1) The Nacelle unit contains the following accumulators:

(i) Two 30-liter capacity accumulators.

(ii) One 6-liter capacity accumulator.

(iii) One 0.015-liter capacity accumulator.

(2) The HUB unit contains the following accumulators and cylinders:

(i) Six 7.5-liter capacity pitch cylinders.

(ii) Six 22-liter capacity nitrogen gas accumulators.

(3) The special permit number must be marked on the outside of the wind power generator equipment.

8. SPECIAL PROVISIONS:

a. Under the terms of this special permit, the grantee may only offer hazardous materials (i.e., the grantee is not authorized as a carrier).

b. A person who is not a holder of this special permit who receives a package covered by this special permit may reoffer it for transportation provided no modification or change is made to the package and it is reoffered for transportation in conformance with this special permit and the HMR.

c. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.

9. MODES OF TRANSPORTATION AUTHORIZED: Motor vehicle, rail freight and cargo vessel.

10. MODAL REQUIREMENTS: A current copy of this special permit must be carried aboard each cargo vessel or motor vehicle used to transport packages covered by this special permit.

April 25, 2018

11. COMPLIANCE: Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:

- o All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.
- o Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.
- o Registration required by § 107.601 et seq., when applicable.

Each "Hazmat employee", as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.

No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU)—"The Hazardous Materials Safety and Security Reauthorization Act of 2005" (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term "exemption" to "special permit" and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. REPORTING REQUIREMENTS: Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 - Immediate notice of certain hazardous materials incidents, and 171.16 - Detailed hazardous materials incident reports. In addition, the grantee(s) of

April 25, 2018

this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:

for William Schoonover
Associate Administrator for Hazardous Materials Safety

Address all inquiries to: Associate Administrator for Hazardous Materials Safety, Pipeline and Hazardous Material Safety Administration, U.S. Department of Transportation, East Building PHH-30, 1200 New Jersey Avenue, Southeast, Washington, D.C. 20590.

Copies of this special permit may be obtained by accessing the Hazardous Materials Safety Homepage at http://hazmat.dot.gov/sp_app/special_permits/spec_perm_index.htm. Photo reproductions and legible reductions of this special permit are permitted. Any alteration of this special permit is prohibited.
