1. **GRANTEE:** Kerr Corporation  
   Orange, CA

2. **PURPOSE AND LIMITATION:**
   a. This special permit authorizes the transportation in commerce of excepted quantities in alternative packagings and quantities greater than authorized in the Hazardous Materials Regulations (HMR). This special permit provides no relief from the HMR other than as specifically stated herein. The most recent revision supersedes all previous revisions.
   
   b. The safety analyses performed in the development of this special permit only considered the hazards and risks associated with the transportation in commerce.
   
   c. No party status will be granted to this special permit.

3. **REGULATORY SYSTEM AFFECTED:** 49 CFR Parts 106, 107 and 171-180.

4. **REGULATIONS FROM WHICH EXEMPTED:** 49 CFR § 173.4a(c)(2) in that the packages exceed the allowable maximum liquid or solid amount; and § 173.4a(e)(2) in that secondary seal requirements are waived.

5. **BASIS:** This special permit is based on the application of Kerr Corporation dated June 16, 2020, submitted in accordance with § 107.109.
6. **HAZARDOUS MATERIALS (49 CFR 172.101):**

7. **SAFETY CONTROL MEASURES:**

   a. **PACKAGING:** Prescribed inner receptacles contain dental products and are plastic and glass vials without secondary seals containing between 3 ml and 15 ml of liquid hazardous material or a solid hazardous material up to 70 grams. The outer packagings are corrugated fiberboard boxes meeting the specifications identified in TEN-E Packaging Services, Inc. test report number 18-MN20467, dated February 4, 2019. Outer packages shall not exceed the aggregate quantity limits of § 173.4a(d). Completed packages must be capable of passing the test sequence specified in TEN-E Packaging Services, Inc. test report number 18-MN20467, dated February 4, 2019.

      (1) The inner receptacles are isolated and protected in either specially designed thermoformed trays or paperboard cartons.

      (2) Each inner receptacle is then placed inside a plastic liner bag with absorbent materials. These inner packagings are then assembled inside a corrugated fiberboard box.

   b. **MARKING:** Each package may be marked with a QR code, which when scanned, provides a direct link to a specific URL where the most recent revision of the special permit can be viewed or downloaded. If the QR code is marked on the packaging, the URL must also be marked on the packaging.

8. **SPECIAL PROVISIONS:**

   a. Under the terms of this special permit, the grantee may only offer hazardous materials (i.e., the grantee is not authorized as a carrier).

   b. A person who is not a holder of this special permit who receives a package covered by this special permit may reoffer it for transportation provided no modification or change is made to the package and it is reoffered for transportation in conformance with this special permit and the HMR.

   c. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.
9. MODES OF TRANSPORTATION AUTHORIZED: Motor vehicle, rail freight, passenger-carrying aircraft, and cargo aircraft.

10. MODAL REQUIREMENTS:

a. A current copy of this special permit must be carried aboard each aircraft used to transport packages covered by this special permit. The shipper must furnish a copy of this special permit to the air carrier before or at the time the shipment is tendered.

b. For transportation aboard motor vehicle, a current copy of the special permit must be carried aboard each motor vehicle used to transport packages covered by this special permit or must accompany the package in a manner that is readily available by marking the package as described in paragraph 7.b.

11. COMPLIANCE: Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:

   o All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.

   o Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.

   o Registration required by § 107.601 et seq., when applicable.

Each “Hazmat employee”, as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.

No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU)—“The Hazardous Materials Safety and Security
Reauthorization Act of 2005” (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term “exemption” to “special permit” and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. REPORTING REQUIREMENTS: Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 – Immediate notice of certain hazardous materials incidents, and 171.16 – Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:
