Materials Safety
Administration**

November 20, 2023

1200 New Jersey Avenue, SE
Washington, DC 20590

DOT-SP 20907
(SEVENTH REVISION)

EXPIRATION DATE: 2026-01-31

(FOR RENEWAL, SEE 49 CFR 107.109)

1. GRANTEE: Versum Materials US, LLC
Tempe, AZ
2. PURPOSE AND LIMITATIONS:
 - a. This special permit authorizes the transportation in commerce of certain non-DOT specification foreign cylinders containing dichlorosilane by motor vehicle and cargo vessel. This special permit provides no relief from the Hazardous Materials Regulations (HMR) other than as specifically stated herein. The most recent revision supersedes all previous revisions.
 - b. The safety analyses performed in development of this special permit only considered the hazards and risks associated with transportation in commerce.
 - c. No party status will be granted to this special permit.
3. REGULATORY SYSTEM AFFECTED: 49 CFR Parts 106, 107 and 171-180.
4. REGULATIONS FROM WHICH EXEMPTED: 49 CFR § 171.23(a)(1) and (3) in that DOT specification cylinders are required, except as specified herein.
5. BASIS: This special permit is based on the applications of Versum Materials US, LLC dated August 7, 2023, submitted in accordance with § 107.105 and the public proceeding thereon.

6. HAZARDOUS MATERIALS (49 CFR 172.101):

Hazardous Material Description			
Proper Shipping Name	Hazard Class/ Division	Identification Number	Packing Group
Dichlorosilane	2.3	UN2189	N/A Hazard Zone B

7. SAFETY CONTROL MEASURES:

a. PACKAGING: Prescribed packaging is non-DOT specification 316L stainless steel welded cylinder, which is designed, manufactured, and tested in conformance with the Japanese Gas Law by Koatsu Showa Cylinders Co., Ltd. The foreign cylinders must be in conformance with drawing EW.4.60101 on file with the Office of Hazardous Materials Safety (OHMS).

b. OPERATIONAL CONTROLS:

- (1) Cylinders must be shipped in accordance with the provisions of § 173.40(d) applicable to DOT specification and UN cylinders. The filling ratio must not exceed 0.90.
- (2) The shipping paper must identify the cylinders with the special permit number "DOT-SP 20907".
- (3) Versum Materials US, LLC must act as the offeror (shipper).
- (4) Emergency response information provided with the shipment and available via an emergency response telephone number must indicate that the cylinders are not fitted with pressure relief devices and provide appropriate guidance for exposure to fire.
- (5) This special permit is limited to import shipments of filled cylinders direct to the customer and returned from the customer to the supplier with a residual charge. These cylinders may not be filled in the United States.
- (6) Each cylinder authorized under this special permit:
 - (i) Must be used exclusively in dichlorosilane service as described in this special permit;

(ii) Must not be filled and offered for transportation in commerce after the authorized service life has expired (five years after manufacture). However, a cylinder in transportation or a cylinder filled prior to the expiration of the authorized service life (five years after manufacture) may be transported in commerce in order to empty the cylinder. After emptying, the cylinder is no longer authorized for use or transport within the United States; and

(iii) Is not eligible for requalification.

(7) Versum Materials US, LLC must maintain a record of the cylinders that are in use or have been used under the terms of this special permit. The record must include the serial number of the cylinder, the date of manufacture, the end date of their 5-year service life and a record of the date and location of shipments involving the cylinder during the time period in which the cylinder is transported under the terms of this permit. Versum Materials US, LLC must also maintain a record of the serial number of all cylinders that have exceeded their five-year service life and have been removed from service. These records must be maintained for the duration of this special permit and must be made available to a representative of the DOT upon request.

(8) Cylinders authorized under this special permit may be transported by cargo vessel only when loaded into closed cargo transport units.

8. SPECIAL PROVISIONS:

a. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.

b. MARKING: The outside of each package must be plainly and durably marked "DOT-SP 20907".

c. Any person who receives a package covered by this special permit may offer it for transportation when it contains only a residue of the authorized material, provided no modification or change is made to the packaging and the package is transported only to the grantee in accordance with this special permit. Securing a closure on the package in accordance with the closure instructions prior to offering the package for transportation does not constitute a modification or change to the packaging.

9. MODES OF TRANSPORTATION AUTHORIZED: Motor vehicle and cargo vessel.

10. MODAL REQUIREMENTS: A current copy of this special permit must be carried aboard each cargo vessel and motor vehicle used to transport packages covered by this special permit.

11. **COMPLIANCE**: Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:

- o All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.
- o Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.
- o Registration required by § 107.601 et seq., when applicable.

Each “Hazmat employee”, as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.

No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) — “The Hazardous Materials Safety and Security Reauthorization Act of 2005” (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term “exemption” to “special permit” and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. **REPORTING REQUIREMENTS**: Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 - Immediate notice of certain hazardous materials incidents, and 171.16 - Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:

for William Schoonover
Associate Administrator for Hazardous Materials Safety

Address all inquiries to: Associate Administrator for Hazardous Materials Safety, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, East Building PHH-13, 1200 New Jersey Avenue, Southeast, Washington, D.C. 20590.
