1. **GRANTEE:** Spaceflight, Inc.
   Seattle, WA

2. **PURPOSE AND LIMITATION:**
   
a. This special permit authorizes the transportation in commerce of low production lithium ion battery packs contained in equipment via cargo-only aircraft. This special permit provides no relief from the Hazardous Materials Regulations (HMR) or the International Civil Aviation Organization’s Technical Instructions for the Safe Transport of Dangerous Goods by Air (ICAO TI) other than as specifically stated herein. The most recent revision supersedes all previous revisions.

   b. The safety analyses performed in the development of this special permit only considered the hazards and risks associated with the transportation in commerce.

   c. This special permit serves as an approval under Special Provision A88 of the International Civil Aviation Organizations Technical Instructions (ICAO TI) and as a “Competent Authority Approval” as defined under 49 CFR 107.1.

   d. No party status will be granted to this special permit.

3. **REGULATORY SYSTEM AFFECTED:** 49 CFR Parts 106, 107 and 171-180.
4. **REGULATIONS FROM WHICH EXEMPTED:** 49 CFR 173.185(a) in that the low production modules and batteries are not of a type proven to meet the requirements of the UN Manual of Tests and Criteria, 6th Revised Edition.

5. **BASIS:** This special permit is based on the amended application of Spaceflight, Inc. dated April 20, 2020, submitted in accordance with § 107.105 and the public proceeding thereon.

6. **HAZARDOUS MATERIALS (49 CFR 172.101):**

7. **SAFETY CONTROL MEASURES:**

   a. **OPERATIONAL CONTROLS:**

   (1) The battery contained in equipment (YAM-2 spacecraft) must consist of three (3) battery modules, with each module comprising of eight (8) INR18650MJ1 cells.

   (2) The total nominal watt-hours of the battery contained in equipment is 336 Wh.

   (3) Cells and the battery contained in equipment must be protected against short-circuiting.

   (4) Each battery must be equipped with a system verified to prevent over-voltage (overcharge) and under-voltage (over discharge) conditions within the battery.

   (5) The battery contained in equipment must be equipped with an effective means of preventing dangerous reverse current flow for the battery that contains modules that are connected in parallel.
b. **TESTING:**

   (1) The cells must be of a type that has passed the required tests in accordance with the UN Manual of Tests and Criteria, 6th Revised Edition.

   (2) The battery modules must be of a type that has passed the tests including T.1, T.2, T.3, and T.7 as described in the April 20, 2020 amended application and on file with Office of Hazardous Materials Safety Approvals and Permits Division.

c. **PACKAGING:**

   (1) Each battery must be contained in equipment designed for space application.

   (2) The equipment containing the battery must be placed in a strong and rigid lifting fixture used as a shipping container with attachment points and plates to secure it to the fixture.

   (3) Appropriate measures must be taken to prevent movement of the equipment within the shipping container that may lead to damage and a dangerous condition during transportation.

   (4) The net weight of the battery within each package must not exceed 1.2 kg.

d. **MARKING:** Each package covered under the terms of this special permit must be durably and legibly marked and displayed on a background of contrasting color with “DOT-SP 21024”.

8. **SPECIAL PROVISIONS:**

   a. A person who is not a holder of this special permit who receives a package covered by this special permit may reoffer it for transportation provided no modification or change is made to the package or its contents and it is reoffered for transportation in conformance with this special permit and the HMR.

   b. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.
c. This special permit in no way affects the need to obtain any required authorizations from other agencies of the United States Government or from the competent authorities of countries of origin, transit and destination.

9. MODES OF TRANSPORTATION AUTHORIZED: Motor vehicle, cargo-only aircraft.

10. MODAL REQUIREMENTS: A current copy of this special permit must be carried aboard each aircraft used to transport packages covered by this special permit. The shipper must furnish a copy of this special permit to the air carrier before or at the time the shipment is tendered.

11. COMPLIANCE: Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:

- All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.
- Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.
- Registration required by § 107.601 et seq., when applicable.

Each "Hazmat employee", as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.

No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

materials transportation law by changing the term “exemption” to “special permit” and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. REPORTING REQUIREMENTS: Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 – Immediate notice of certain hazardous materials incidents, and 171.16 – Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:
