1. **GRANTEE:** Space Exploration Technologies Corp. (SpaceX)  
   Hawthorne, CA

2. **PURPOSE AND LIMITATION:**
   a. This special permit authorizes the transportation in commerce of satellites containing krypton, compressed in non-DOT specification cylinders. This special permit provides no relief from the Hazardous Materials Regulations (HMR) other than as specifically stated herein. The most recent revision supersedes all previous revisions.
   b. The safety analyses performed in the development of this special permit only considered the hazards and risks associated with the transportation in commerce.
   c. No party status will be granted to this special permit.

3. **REGULATORY SYSTEM AFFECTED:** 49 CFR Parts 106, 107 and 171-180.

4. **REGULATIONS FROM WHICH EXEMPTED:** 49 CFR § 172.300 in that marking is not required; § 172.400 in that labeling is not required; § 173.301(g) in that pressure relief devices are not installed; and § 173.302(a) in that non-DOT specification cylinders are authorized as specified herein.

5. **BASIS:** This special permit is based on the application of Space Exploration Technologies Corp. (SpaceX) dated August 23, 2021 submitted in accordance with § 107.105 and the public proceeding thereon.
6. **HAZARDOUS MATERIALS (49 CFR 172.101):**

7. **SAFETY CONTROL MEASURES:**

   a. **PACKAGING:**

      (1) The prescribed packagings are non-DOT specification seamless aluminum cylinders meeting the requirements of special permit DOT-SP 12440. Additionally, the cylinders must be analyzed and tested to meet the requirements of Volume 3, Chapter 12 of the U.S. Air Force Space Command Manual (AFSPCMAN) 91-710, as described in the application on file with the Office of Hazardous Materials Safety (OHMS). The cylinders are a component of Space Exploration Technologies Corp.’s manufactured satellites and integrated into the satellites.

      (2) Satellites must be further packaged inside metallic, humidity-controlled containers.

   b. **MARKING:**

      (1) The outer container containing the satellite(s) must be marked on two sides, in letters at least 2 inches high on a contrasting background, “DOT-SP 21213”.

      (2) The marking and labeling requirements of Part 172, Subparts D and E, respectively, do not apply.

   c. **PLACARDING:** In lieu of labeling required by Part 172 Subpart E, each container must be placarded using the NON-FLAMMABLE GAS placard.

   d. **OPERATIONAL CONTROLS:**

      (1) Transportation is authorized for SpaceX communication satellites for the following planned over-the-road movements:

      (i) From Redmond, WA, to Cape Canaveral Space Force Station and Kennedy Space Center, FL.
(ii) From Redmond, WA, to Vandenberg Air Force Base, CA

(iii) From Redmond, WA, to NASA Plumb Brook Station, Sandusky, OH.

(iv) From NASA Plum Brook Station, Sandusky, OH to Seattle, WA.

(v) From Hawthorne, CA, to Cape Canaveral Space Force Station and Kennedy Space Center, FL.

(vi) From Hawthorne, CA, to Vandenberg Air Force Base, CA.

(2) The satellite assembly must be shipped secured in the transport fixture as described and in accordance with the procedures on file with the OHMS that are dated August 31, 2021 and/or April 7, 2021.

(3) All drivers transporting the satellites must meet and are subject to all requirements of 49 CFR Parts 383, 391 and 392. Drivers must not be less than 25 years old and have the requisite experience for driving HAZMAT loads. Only carriers that maintain a safety rating as assigned by the Federal Motor Carrier Safety Administration (FMCSA) of “Satisfactory” pursuant to the procedures specified in 49 CFR Part 385 may transport hazardous material under the terms of this special permit. Designated routes must be determined and reviewed before each satellite shipment to ensure compliance with the minimum the criteria specified in 49 CFR Part 397.

8. SPECIAL PROVISIONS:

a. Under the terms of this special permit, the grantee may only offer hazardous materials (i.e., the grantee is not authorized as a carrier).

b. A person who is not a holder of this special permit who receives a package covered by this special permit may reoffer it for transportation provided no modification or change is made to the package and it is reoffered for transportation in conformance with this special permit and the HMR.

c. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.

9. MODES OF TRANSPORTATION AUTHORIZED: Motor vehicle.

10. MODAL REQUIREMENTS: A current copy of this special permit must be carried aboard each motor vehicle used to transport packages covered by this special permit.
11. **COMPLIANCE:** Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:

- All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.
- Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.
- Registration required by § 107.601 et seq., when applicable.

Each “Hazmat employee”, as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.

No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU)—“The Hazardous Materials Safety and Security Reauthorization Act of 2005” (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term “exemption” to “special permit” and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. **REPORTING REQUIREMENTS:** Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 - Immediate notice of certain hazardous materials incidents, and 171.16 - Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:

---

for William Schoonover  
Associate Administrator for Hazardous Materials Safety
