1. GRANTEE: Micropore, Inc.
   Elkton, MD

2. PURPOSE AND LIMITATION:
   a. This special permit authorizes the transportation in commerce of lithium hydroxide in non-UN specification packaging by ground transport. This special permit provides no relief from the Hazardous Materials Regulations (HMR) other than as specifically stated herein. The most recent revision supersedes all previous revisions.
   b. The safety analyses performed in the development of this special permit only considered the hazards and risks associated with the transportation in commerce.
   c. No party status will be granted to this special permit.

4. REGULATIONS FROM WHICH EXEMPTED: 49 CFR § 173.240(d) in that non-UN specification intermediate bulk containers are not authorized except as specified herein.

5. BASIS: This special permit is based on the application of Micropore, Inc. dated December 13, 2023, submitted in accordance with § 107.109.

Tracking Number: 2023124988
6. **HAZARDOUS MATERIALS (49 CFR 172.101):**

7. **SAFETY CONTROL MEASURES:**

a. **PACKAGING:** Prescribed packaging is a non-UN specification steel intermediate bulk container (IBC). The IBC has four solid sides (i.e. top, bottom, left, right), with open ends, and is manufactured of 14-gauge steel, welded on four corners. The IBC has two sides to place material in, with four spools of extruded lithium hydroxide on each side, separated by vertical steel bars. The spools are surrounded by a wire screen and held in place with a 0.5 inch-thick steel “T” bar to prevent release from the IBC. The open sides of the IBC are covered with a flexible aluminum sheet, magnetically held to the IBC. The closed IBC is then pressurized to 12 psi with compressed nitrogen prior to shipment. No pressures above 20 psi are authorized, and the compressed nitrogen source must be removed prior to shipment. The completed package shall not exceed 1,655 lbs. gross weight.

b. **OPERATIONAL CONTROLS:**

(i) Shipments are only authorized between the following locations:

Micropore, Inc.
350 Pencader Drive, Suite F
Newark, DE 19702

Micropore, Inc.
1000 Konica Drive
Elkton, MD

(ii) IBCs shall be blocked, braced, or otherwise restrained to prevent movement or shifting during transportation.

(iii) Shipment shall be performed by fully-enclosed, private, dedicated motor carrier.
8. **SPECIAL PROVISIONS:**

   a. A person who is not a holder of this special permit who receives a package covered by this special permit may reoffer it for transportation provided no modification or change is made to the package or its contents and it is reoffered for transportation in conformance with this special permit and the HMR.

   b. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.

9. **MODES OF TRANSPORTATION AUTHORIZED:** Motor vehicle.

10. **MODAL REQUIREMENTS:** A current copy of this special permit must be carried aboard each motor vehicle used to transport packages covered by this special permit.

11. **COMPLIANCE:** Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:

    o All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.

    o Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.

    o Registration required by § 107.601 et seq., when applicable.

   Each "Hazmat employee", as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.

   No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) —“The Hazardous Materials Safety and Security Reauthorization Act of 2005” (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term “exemption” to “special permit” and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. **REPORTING REQUIREMENTS:** Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 - Immediate notice of certain hazardous materials incidents, and
171.16 - Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:
