1. GRANTEE: Cummins Inc.
   Columbus, IN

2. PURPOSE AND LIMITATION:
   a. This special permit authorizes the transportation in commerce of lithium ion batteries exceeding 35 kg by cargo-only aircraft. This special permit provides no relief from the Hazardous Materials Regulations (HMR) or the International Civil Aviation Organization’s Technical Instructions for the Safe Transport of Dangerous Goods by Air (ICAO TI) other than as specifically stated herein. The most recent revision supersedes all previous revisions.
   b. The safety analyses performed in the development of this special permit only considered the hazards and risks associated with the transportation in commerce.
   c. No party status will be granted to this special permit.
   d. This special permit serves as an approval under Special Provision A99, as an approval under 49 CFR 173.185(b)(5), and as a “Competent Authority Approval” as defined under 49 CFR § 107.1.

3. REGULATORY SYSTEM AFFECTED: 49 CFR Parts 106, 107 and 171-180 and the ICAO TI.

4. REGULATIONS FROM WHICH EXEMPTED: 49 CFR § 172.101 Hazardous Materials Table Column (9B) in that a battery may not exceed 35 kg, except as specified herein.

5. BASIS: This special permit is based on the application of Cummins Inc. dated February 02, 2022 and supplemental information dated March 18, 2022, submitted in accordance with § 107.105 and the public proceeding thereon.

Tracking Number: 2022024095

7. **SAFETY CONTROL MEASURES:**

a. **PACKAGING:**

   (1) Each battery pack must weigh 12 kg or greater and have a strong, impact-resistant outer casing.

   (2) Each battery pack must be packaged in a strong fiberboard box lined with a base foam pad, foam corner supports, and strips of foam fittings that will cover the top of the battery packs. The self-locking fiberboard box stapled to the custom pallet serves as a strong outer packaging.

   (3) Packaging must comply with the requirements in Packing Instruction 974 of the Supplement to the ICAO TI. Additionally, waste lithium battery packs and lithium battery packs being shipped for recycling or disposal are forbidden from air transport.

b. **OPERATIONAL CONTROLS:**

   (1) The battery packs each rated at 31 kWh are comprised of Samsung modules (MV2133E10AS) as described in the Cummins, Inc.’s application dated February 2, 2022 and on file with the Office of Hazardous Materials Safety (OHMS).

   (2) The terminals of the cells, modules and packs must be protected to prevent against external short circuits.

   (3) The battery packs must be packaged such that terminals are not subjected to the weight of materials that may be superimposed during transportation.

   (4) The cells and battery modules connected in parallel must be equipped with an effective means to prevent dangerous reverse current flow.
(5) Each battery pack must be fitted with a battery management system that has been verified as preventing overcharge, short circuits and over discharge between the modules.

(6) The state of charge for lithium ion battery packs must be not more than 30% when offered for air transportation.

(7) Not more than one battery pack may be packaged within an outer packaging.

(8) The net and gross mass of a package may not exceed 245 kg (540 pounds) and 300 kg (661 pounds), respectively.

c. TESTING REQUIREMENTS:

(1) The battery modules must consist of cells that have passed all required tests in accordance with Section 38.3 of the UN Manual of Tests and Criteria, 7th Revised Edition. The authorized cells are Samsung SDIHU Model CP4954L101E and must conform to the test dated June 30, 2021 and on file with OHMS.

(2) The battery modules must have passed all required tests in accordance with Section 38.3 of the UN Manual of Tests and Criteria, 7th Revised Edition.

d. MARKING REQUIREMENTS: Each package, and overpack if used, prepared under the provisions of this special permit must be plainly marked with the special permit number DOT-SP 21333.

8. SPECIAL PROVISIONS:

a. A person who is not a holder of this special permit who receives a package covered by this special permit may reoffer it for transportation provided no modification or change is made to the package or its contents and it is reoffered for transportation in conformance with this special permit and the HMR.

b. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.

c. This special permit in no way affects the need to obtain any required authorizations from other agencies of the United States Government or from the competent authorities of countries of origin, transit, and destination and the State of the Operator.
d. The special permit holder must maintain a record of all activity conducted under the authority granted in this special permit. The record must contain a complete listing and number of shipments made to include and upon request make this information available to a DOT representative or an enforcement official. The record must contain a listing and number of shipments made to include:

1. Dates of shipment; and

2. Description of each type of shipment.

9. **MODES OF TRANSPORTATION AUTHORIZED**: Cargo-only aircraft.

10. **MODAL REQUIREMENTS**: A current copy of this special permit must be carried aboard each aircraft used to transport packages covered by this special permit. The shipper must furnish a copy of this special permit to the air carrier before or at the time the shipment is tendered.

11. **COMPLIANCE**: Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:

   - All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.
   - Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.
   - Registration required by § 107.601 et seq., when applicable.

   Each "Hazmat employee", as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.

   No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) —“The Hazardous Materials Safety and Security Reauthorization Act of 2005” (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term “exemption” to “special permit” and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.
12. **REPORTING REQUIREMENTS:** Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 - Immediate notice of certain hazardous materials incidents, and 171.16 - Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:
