of Transportation

**Pipeline and Hazardous
Materials Safety
Administration**

October 18, 2024

1200 New Jersey Avenue, SE
Washington, DC 20590

DOT-SP 21754
(FIRST REVISION)

EXPIRATION DATE: 2028-09-30

(FOR RENEWAL, SEE 49 CFR 107.109)

1. GRANTEE: Little Kamper, L.P.
Manteca, CA
2. PURPOSE AND LIMITATIONS:
 - a. This special permit authorizes the transportation in commerce of used 16-ounce DOT Specification 4BA240 cylinders containing the hazardous materials identified in paragraph 6. in accordance with the reverse logistics provisions of § 173.157 and the conditions stated herein. This special permit provides no relief from the Hazardous Materials Regulations (HMR) other than as specifically stated herein. The most recent revision supersedes all previous revisions.
 - b. The safety analyses performed in the development of this special permit only considered the hazards and risks associated with the transportation in commerce.
 - c. No party status will be granted to this special permit.
3. REGULATORY SYSTEM AFFECTED: 49 CFR Parts 106, 107 and 171-180.
4. REGULATIONS FROM WHICH EXEMPTED: 49 CFR § 173.157(a) in that reverse logistics packages must be transported from retail stores, except as specified herein; and § 173.157(b) in that hazardous materials must be authorized for and meet the limited quantity package criteria, except as specified herein.
5. BASIS: This special permit is based on the application of Little Kamper, L.P. dated September 10, 2024, submitted in accordance with § 107.109.

Tracking Number: 2024095000

6. HAZARDOUS MATERIALS (49 CFR 172.101):

Hazardous Material Description			
Proper Shipping Name	Hazard Class/ Division	Identification Number	Packing Group
Liquefied petroleum gas	2.1	UN1075	N/A
Propane	2.1	UN1978*	N/A

*Identification number UN1075 may be used in place of identification number UN1978 provided the requirements in Special Provision 19 of § 172.102(c)(1) are met.

7. SAFETY CONTROL MEASURES:

a. PACKAGING: Prescribed packagings are combination packagings consisting of 16-ounce capacity DOT Specification 4BA240 cylinders packed within non-DOT specification outer fiberboard boxes. The outer fiberboard boxes shall be constructed of 44 edge-crush test (ECT) fiberboard and marked with orientation arrows.

b. OPERATIONAL CONTROLS:

(1) New (i.e., unused) cylinders may not be transported under the terms of this special permit.

(2) Only used Little Kamper, L.P. 16-ounce capacity DOT Specification 4BA240 cylinders containing the hazardous materials identified in paragraph 6. may be transported under the terms of this special permit.

(3) A maximum of twelve (12) 16-ounce DOT Specification 4BA240 cylinders may be packed within each non-DOT specification outer fiberboard box.

(4) Cylinders must be packed in the upright orientation within the outer fiberboard box.

(5) Each person who prepares hazardous materials under the terms of this special permit must receive the training required by § 173.157(e). Additionally, the grantee must provide to each person who prepares the hazardous materials

identified in paragraph 6. for shipment under the terms of this special permit publicly available training on the requirements and conditions of this special permit.

(6) Packages may only be offered from retail stores, campgrounds, or recreational sites to the grantee's facility(ies) for the purpose of recycling and reuse.

(7) Each person who prepares the hazardous materials identified in paragraph 6. for shipment under the terms of this special permit must inspect each cylinder for leakage, denting, bulging, gouging, and fire damage. If the person preparing the hazardous materials identified in paragraph 6. for shipment smells odorant from a cylinder, the person must bubble test the valve for leakage. Any cylinder that fails any part of the inspection (i.e., the cylinder has gouging, is fire damaged, or is leaking, dented, or bulging) or the bubble test may not be transported under the terms of this special permit.

c. Under the terms of this special permit, the authorized hazardous materials may be transported in accordance with the reverse logistics provisions in § 173.157.

d. MARKING: Each outer fiberboard box, and overpack if used, must be marked:

(1) "DOT-SP 21754" in accordance with § 172.301(c).

(2) With the surface limited quantity marking found under § 172.315(a).

e. Little Kamper, L.P. is responsible as the offeror for all shipments made under this special permit.

8. SPECIAL PROVISIONS:

a. A person who is not a holder of this special permit and receives a package covered by this special permit may reoffer it for transportation provided no modification or change is made to the package and it is offered for transportation in conformance with this special permit and the HMR.

b. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.

9. MODES OF TRANSPORTATION AUTHORIZED: Motor vehicle.

10. MODAL REQUIREMENTS: A current copy of this special permit must be carried aboard each motor vehicle used to transport packages covered by this special permit.
11. COMPLIANCE: Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:
 - o All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.
 - o Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.
 - o Registration required by § 107.601 et seq., when applicable.

Each “Hazmat employee”, as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit.

No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) — “The Hazardous Materials Safety and Security Reauthorization Act of 2005” (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term “exemption” to “special permit” and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. REPORTING REQUIREMENTS: Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 - Immediate notice of certain hazardous materials incidents, and 171.16 - Detailed hazardous materials incident reports. In addition, the grantee(s) of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under

terms of this special permit.

Issued in Washington, D.C.:

A handwritten signature in blue ink, appearing to read "W. Schoonover", is written over a light blue circular stamp.

for William Schoonover
Associate Administrator for Hazardous Materials Safety

Address all inquiries to: Associate Administrator for Hazardous Materials Safety, Pipeline and Hazardous Material Safety Administration, U.S. Department of Transportation, East Building PHH-13, 1200 New Jersey Avenue, Southeast, Washington, D.C. 20590.

Copies of this special permit may be obtained by accessing the Hazardous Materials Safety Homepage at <https://www.phmsa.dot.gov/approvals-and-permits/hazmat/special-permits-search>. Photo reproductions and legible reductions of this special permit are permitted. Any alteration of this special permit is prohibited.
