1. Miles Incorporated, Agriculture Division is hereby granted an exemption from certain provisions of this Department's Hazardous Materials Regulations to offer packages prescribed herein of a Division 6.1 material for transportation in commerce subject to the limitations and special requirements specified herein. This exemption authorizes the shipment of an organophosphorus pesticide, liquid, toxic, n.o.s. in a DOT Specification 12P fiberboard box containing two inside DOT Specification 2U polyethylene containers not exceeding 2 1/2-gallons capacity, and provides no relief from any regulation other than as specifically stated. NOTE: Reference to 49 CFR sections in this exemption are to regulations in effect on September 30, 1991. See Appendix A of this exemption.

8. SPECIAL PROVISIONS.

b. A copy of this exemption must be carried aboard each cargo vessel used to transport packages covered by this exemption.

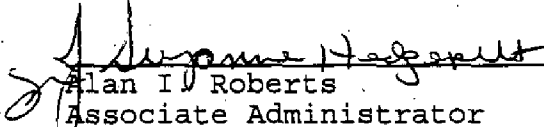

c. No new construction of the packaging identified in Paragraph 7 of this exemption is authorized after September 30, 1994. As the holder of this exemption, you may request a renewal to continue the use of the packaging, manufactured prior to September 30, 1994, however, the exemption will not carry an expiration date subsequent to September 30, 1996 since use of the packaging is prohibited after that date.
