b. OPERATIONAL CONTROLS:

(1) Except during emergency situations, lab packs must be within the transport vehicles at all times.

(2) The transport vehicle may not contain explosives, radioactive materials, or hazardous materials or wastes in the same shipment which are not packaged in accordance with the terms of this exemption.

(3) Oxidizers may not exceed 2 percent of the aggregate weight of the waste in the shipment.

(4) Organic peroxides must be shipped in accordance with § 173.152(b) and may not exceed one percent of the aggregate weight of the wastes in the shipment.

8. SPECIAL PROVISIONS:

a. The exemption from the requirements of § 174.81, § 176.83 and § 177.848 applies to the segregation of the lab packs within the transport vehicle. If required to be placarded, the transport vehicle must be segregated from other hazardous cargoes in accordance with § 176.83(e).

b. A person who is not a holder of this exemption who receives a package covered by this exemption may reoffer it for transportation provided no modifications or changes are made to the package and it is reoffered for transportation in conformance with this exemption and the HMR.

c. A current copy of this exemption must be maintained at each facility where the package is offered or reoffered for transportation.

9. MODES OF TRANSPORTATION AUTHORIZED: Motor vehicle, rail freight and cargo vessel.

10. MODAL REQUIREMENTS: A current copy of this exemption must be carried aboard each cargo vessel and motor vehicle used to transport packages covered by this exemption.

11. COMPLIANCE: Failure by a person to comply with any of the following may result in suspension or revocation of this exemption and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:

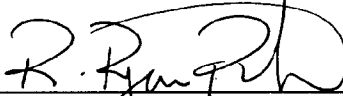

- o All terms and conditions prescribed in this exemption and the Hazardous Materials Regulations, 49 CFR Parts 171-180.
- o Registration required by § 107.601 et seq., when applicable.

No person may use or apply this exemption, including display of its number, when the exemption has expired or is otherwise no longer in effect.

Each "Hazmat employee", as defined in § 171.8 who performs a function subject to this exemption must receive training on the requirements and conditions of this exemption in addition to the training required by §§ 172.700 through 172.704.

12. REPORTING REQUIREMENTS: The carrier is required to report any incident involving loss of packaging contents or packaging failure to the Associate Administrator for Hazardous Materials Safety (AAHMS) as soon as practicable. (Sections 171.15 and 171.16 apply to any activity undertaken under the authority of this exemption.) In addition, the holder(s) of this exemption must inform the AAHMS, in writing, of any incidents involving the package and shipments made under the terms of this exemption.
