Re: Notice to Remove Certain Segments of Pipe from the Special Permit Due to Pipe Replacement
PHMSA-2008-0159
Graves County, Kentucky

Dear Mr. Wiese:

Texas Gas Transmission, LLC (TXGT) wishes to remove the following segment from our special permit, PHMSA-2008-0159 (Permit):

Segment #1: Mainline 30-1, Mile Post (MP) 390+2858 to MP 390+3058 (approximately 200 feet)

Inspection Area: Mainline 30-1, MP 360+3898 to MP 408+1368 (42.5 miles)

TXGT is requesting Segment #1 to be removed from the Permit because the pipe has been replaced in this segment, and thus, TXGT no longer requires a waiver of 49 CFR § 192.611 for this segment.

The following table outlines the requested information regarding the segment of pipe that was replaced. The supporting documentation is also enclosed for your reference.

Pipeline Segment Properties	
Pipeline Stationing and Mile Posts	MP 390+2852 to MP 390+3112
Maximum Allowable Operating Pressure of the Pipeline	840 psig
Present Class Location	Class 3
Pipe Diameter	30" OD
Wall Thickness	0.500/.625
Grade	X70/X65
Seam Type	DSAW
Coating	FBE, NG and ARO
MTRs	Enclosed
In-Place Pressure Test	Test Date: 08/20/2014; 8 hours; 2058 psi; Enclosed
Girth Weld NDT	Reports Enclosed

Mr. Jeffrey Weise
