Information fields requested included include Company Name, contact name, company mailing address, class of hazardous materials offered/transported, small or large organization classification, shipper / carrier (essentially all information fields). It is noted that on a previous request of several years ago, you did not provide the name of a contact although that information is readily available in your registration database. As it is our intention to contact these companies to inform them of our information resources located at www.hazmatship.com, and as a small business concern focused on facilitating transportation safety, it would be a large cost savings to our organization to be provided with the contact name as well rather than having to research individual company information in your registration database for that information. We understand that there may be over 30,000 registrants in your system. |

| PHMS-2024-00151 | 3/29/2024 | McGuireWoods, LLP | On March 15, 2024, the Pipeline and Hazardous Materials Safety Administration's FOIA Office received a FOIA request from my office, dated March 15, 2024 (PHMS-2024-00132). The FOIA request sought documents, communications, and/or reports that show the final disposition and/or conclusion(s), or otherwise pertain to a discontinuance or closure of PHMSA's investigation of the explosion that occurred at 161 Bowser Road, Clarksville, PA 15322 on or about October 31, 2018. In response, on March 26, 2024, PHMSA's FOIA Office produced an email dated July 2, 2019, from Mike Yazemboski to Christopher Demarco, which stated that "since the incident, EQT has conducted routine leak surveys as required by the code throughout the Pratt Field and no leaks have been detected. On or about November 13, 2018, Equitrans Midstream Corporation was spun off from EQT Corporation as a completely separate entity with its midstream business assets, including Equitrans, L.P. (the "Separation"). As a result of the Separation, the Pratt Storage Field was owned and controlled by Equitrans, L.P., not EQT Corporation, at the time of Mr. Yazemboski's July 2, 2019, email. Please produce all documents and/or communications regarding the Separation as it relates or related to PHMSA's investigation of the explosion that occurred at 161 Bowser Road, Clarksville, PA 15322 on or about October 31, 2018. For example (but not limited to), any documents reflecting PHMSA's awareness of the Separation, the agreements governing the Separation, or that EQT's investigation was on behalf of Equitrans, L.P. |
