Re: Docket Number PHMSA 2021-0019- Tennessee Gas Pipeline Interstate Gas Company, LLC. Withdrawal of Special Permit

Dear Mr. Mayberry:

On August 4, 2022, PHMSA granted a special permit (Docket No. PHMSA-2021-0019) waiving compliance of 49 CFR 192.611(a) and (d), 192.619(a), and 192.5 for one (1) segment, KM Segment 609. TGP appreciates PHMSA's consideration and grant of Special Permit PHMSA-2021-0019.

Rather than implementing the conditions of special permit (Docket No. PHMSA-2021-0019), TGP has chosen to replace the special permit segment. The appropriate valve section of the 500-3 pipeline will be taken out of service prior to the compliance date of August 4, 2023. The pipe segment replacement project has a scheduled completion date of September 15, 2023. TGP no longer requests that compliance with 49 CFR 192.611(a) and (d), 192.619(a), and 192.5 be waived on KM Segment 609. Condition 18 of PHMSA-2021-0019 requires the submittal of an executive certification within 12 months of the grant of the special permit. TGP is hereby requesting that PHMSA-2021-0019 be closed and withdrawn in lieu of submittal of the executive certification.

Please respond with comment or approval.
