Hi Yul,

Please see the below interpretation request. I was unable to obtain Arturo's physical mailing address after several email and phone attempts to reach him this week.

Let us know if you need anything.

Happy New Year  
Janaye

1. Requesting a formal written response for Impetus LPG Transport continues to be cited by the Roadside official at the Port of Entry, and would like a formal Guidance letter stating that if the shipping prepared by Enterprise Products meets or does not meet the requirements of 49 CFR 172.203(h)(2). Information obtained will be used for corrective action and to notify Enterprise Products Operating LLC and Texas DPS that corrective actions have been taken.

Dear Arturo,

We have received your inquiry about the hazardous materials regulations (49 CFR Parts 171-180). The hazardous materials regulations are available at the following URL:

[https://www.ecfr.gov/cgi-bin/text-idx?SID=1d49a3b137cb1b6fc45251074e634b44&tol=/ecfr/browse/Title49/49tab\\_02.tpl](https://www.ecfr.gov/cgi-bin/text-idx?SID=1d49a3b137cb1b6fc45251074e634b44&tol=/ecfr/browse/Title49/49tab_02.tpl)

A hazardous materials regulatory specialist would be happy to speak with you regarding your inquiry. You may contact the Hazardous Materials Information Center, which is staffed with regulatory specialists who can quickly answer your questions by phone, Monday through Friday, 9 AM - 5 PM EST at (800) 467-4922 or (202) 366-4488. Alternatively, if you would like a regulatory specialist to contact you directly, please respond to this e-mail with a telephone number where you can be reached between 9 AM and 5 PM EST.

Sincerely,

Janaye, Hazardous Materials Specialist

**Need clarification on whether the word "noncorrosive" in quotation marks, as shown in this section of this shipping paper (attached), meets the regulation (172.203(h)(2), or if the shipper needs to modify the shipping paper and enter in parentheses noncorrosive. According to 172.203(h) states: To enter "noncorrosive", following the basic description for Liquefied petroleum gas.**

**(h) Transportation by highway.** Following the basic description for a hazardous material in a Specification MC 330 or MC 331 cargo tank, there must be entered for: Liquefied petroleum gas.
