3rd Qtr 2026 FOIA Log
Received between 04/01/2026 and 06/30/2026

Request ID	Received Date	Organization	Request Description
PHMS-2025-00045	04/14/2026	The Oversight Project	Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: From the timeframe of January 1, 2024 to present, all of the following records from CAREY DAVIS, DEPUTY ASSOCIATE ADMINISTRATOR FOR FIELD OPERATIONS: All communications sent by the custodian (via the custodian's email outbox) containing the terms ('SF-52' OR 'SF 52' OR 'SF 50' OR 'SF-50') AND ('realignment' OR 'transfer' OR 'mass transfer' OR 'OPM' OR 'title'). For any potentially responsive documents please include all file attachments regardless of type and the entire email chain for completeness. I am amicable to a rolling production as records are available. I request all responsive documents be delivered electronically, via email. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms pertaining to, referring, relating, or concerning with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term record means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as IRC, WebIRC, Rocketchat, Signal, iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages,

			Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). Please limit all searches to the timeframe of 1 January, 2024 to the present. Search Instructions: For potentially responsive documents, please include the full communications/email chain, and all attachments. Please search all email inboxes assigned/issued/used by the custodian, regardless of classification.
PHMS-2026-00143	04/01/2026	Apex Onshore Energy Services, LLC	I am requesting, under the Freedom of Information Act, all post-award documentation for all-Natural Gas Distribution Infrastructure Safety and Modernization (NGDISM) grants awarded to entities in the State of Arkansas for FY2022, FY2023, FY2024, and FY2025 (if applicable). Please provide the following records for each NGDISM awardee in Arkansas: Quarterly progress reports, Annual performance reports Financial drawdown/obligation reports, Requests for extensions, modifications, or scope changes. Any PHMSA correspondence regarding delays, non-performance, stalled progress, compliance issues, or corrective actions Any NEPA-related correspondence or delays affecting project timelines his request includes all responsive records regardless of project status or award year.
PHMS-2026-00144	04/01/2026	Apex Onshore Energy Services, LLC	I am requesting, under the Freedom of Information Act, all post-award documentation for all-Natural Gas Distribution Infrastructure Safety and Modernization (NGDISM) grants awarded to entities in the State of Oklahoma for FY2022, FY2023, FY2024, and FY2025 (if applicable). Please provide the following records for each NGDISM awardee in Oklahoma: Quarterly progress reports Annual performance reports Financial drawdown/obligation reports Requests for extensions, modifications, or scope changes Any PHMSA correspondence regarding delays, non-performance, stalled progress, compliance issues, or corrective actions Any NEPA-related correspondence or delays affecting project timelines This request includes all responsive records regardless of project status or award year.
PHMS-2026-00145	04/01/2026	Apex Onshore Energy Services, LLC	I am requesting, under the Freedom of Information Act, all post-award documentation for all-Natural Gas Distribution Infrastructure Safety and Modernization (NGDISM) grants awarded to entities in the State of Texas for FY2022, FY2023, FY2024, and FY2025 (if applicable). Please provide the following records for each NGDISM awardee in Texas: Quarterly progress reports Annual performance reports Financial drawdown/obligation reports Requests for extensions, modifications, or scope changes Any PHMSA correspondence regarding delays, non-performance, stalled progress, compliance issues, or corrective actions Any NEPA-related correspondence or delays affecting project

			timelines This request includes all responsive records regardless of project status or award year.
PHMS-2026-00146	04/01/2026	Logan Trial Lawyers, LLC	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing regulations of the U.S. Department of Transportation, 49 C.F.R. Part 7, the undersigned hereby requests copies of all records described below. This request is submitted on behalf of Kleinfeldt v. Crossroads Repair, LLC, Case No. 3:26-cv-00026-PDW-ARS (D.N.D.), currently pending in the United States District Court for the District of North Dakota. The records requested pertain to the following entity: Name: Crossroads Repair, LLC Address: 8060 36th St. SE, Jamestown, North Dakota 58401 DOT Cargo Tank Inspector Registration Number (CT No.): 14175 Registered Agent: Curtis J. Waldie, 8060 36th St. SE, Jamestown, ND 58401 Requester seeks all records from January 1, 2015 through the present in the possession, custody, or control of PHMSA relating to Crossroads Repair, LLC and/or CT No. 14175, including but not limited to: 1. All applications, registrations, renewals, approvals, and authorizations related to Crossroads Repair, LLC's registration as a DOT third-party cargo tank inspector under CT No. 14175. 2. All records reflecting any inspection, audit, investigation, review, or examination of Crossroads Repair, LLC inspection practices, qualifications, facilities, records conducted by PHMSA or any authorized representative. 3. All notices of violation, warning letters, citations, corrective action orders, compliance orders, consent agreements, civil penalty assessments, and any other enforcement actions issued to or involving Crossroads Repair, LLC or any of its employees or agents. 4. All records reflecting any suspension, revocation, limitation, or other adverse action taken against Crossroads Repair, LLC registration or authorization under 49 C.F.R. Part 107 or Part 180. 5. All records reflecting any complaints, tips, referrals, or reports received by PHMSA regarding Crossroads Repair, LLC or CT No. 14175 from any source, including the public, other government agencies, or regulated entities. 6. All correspondence between PHMSA and Crossroads Repair, LLC, including correspondence related to any of the above. 7. All inspection reports, findings, determinations, or recommendations generated by PHMSA or its agents in connection with any review of Crossroads Repair, LLC. 8. Any records relating to the 1997 Kenworth Power Unit, VIN 1NKWXBEX670185231, including any records of inspections, deficiencies, complaints, or investigations involving that vehicle.
PHMS-2026-00147	04/01/2026	ECS, Midwest LLC	I am requesting access to records maintained by the Pipeline and Hazardous Materials Safety Administration (PHMSA) regarding a reported pipeline incident. Specifically, I am seeking records related to a release of natural gas and/or crude oil associated with a pipeline located at or near (1,300 Feet east of 1940 Hayesville Road) with the following reported details: * NRC #1379828 *Site

			ID #20231379828 * Incident discovery date: September 11, 2023 * Reported incident date: September 22, 2023 * Description: Release due to equipment failure, with observations including rainbow sheen and a crude oil leak * Any references indicating contamination exceeding applicable regulatory Coast thresholds. I request copies of the following records, if available: * Incident and accident reports (including PHMSA incident reports) * Spill or release investigation reports * Corrective action orders or enforcement records * Inspection reports and compliance history for the pipeline/operator * Correspondence between PHMSA and the operator regarding this incident * Any environmental impact assessments or remediation documentation If possible, please include the name of the pipeline operator and any PHMSA identification numbers associated with this incident.
PHMS-2026-00148	04/02/2026	The Examination	Please provide all documents generated as part of the following case Please provide me with all available documentation for the following case number and docket number Case Number: 16-0478-SH-SO Docket Number: PHMSA-2018-0087
PHMS-2026-00149	04/08/2026	Partner Engineering & Science, Inc.	I am requesting any additional information pertaining to a crude oil accident listed on the National Pipeline Mapping System on/near the Peninsula Marketplace property at 19081 Goldenwest Street, Huntington Beach, CA 92648. The Report Number is 20250142, OPID is 32103, and NRC Report number is 1431336.
PHMS-2026-00150	04/09/2026	Axiomancer Labs LLC	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I am requesting access to the following records: PHMSA hazardous materials facility inspection reports for marine fuel terminals at the top 10 US ports by cargo volume, January 1, 2018 through the present. This includes facility name and address, inspection date, inspector district, findings and violations, penalty assessments, and corrective action plans.
PHMS-2026-00151	04/23/2026	Axiomancer Labs LLC	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I am requesting access to the following records: Pipeline integrity management program (IMP) audit findings for pipeline operators with infrastructure in or adjacent to major US port zones and industrial corridors, January 1, 2018 through the present. This includes operator name and PHMSA operator ID, pipeline segment, audit date, findings and deficiencies, corrective action requirements, and any enforcement actions taken.
PHMS-2026-00152	04/14/2026	Energywire	I request a copy of any communication, either via email or letter(s), between the Pipeline and Hazardous Materials Safety Administration (PHMSA) including Linda Daugherty, Bryan Lethcoe, PHMSA's Office of Pipeline Safety (OPS) and PHMSA's Accident Investigation Division and representatives/employees of Delfin Off shore Pipeline and/or Delfin Midstream (email domains include @delfinlng.com, @gagnierfc.com and@fairwoodlng.com , as well as d.poston@delfinlng.com,

			w.daughdrill@delfinlng.com and d.werner@fairwoodlng.com, that discuss or mention an explosion that occurred on Feb. 3, 2026, in Louisiana's Cameron Parish on a natural gas pipeline owned by Delfin. The time window for this request is between February 6, 2026, and April 14, 2026. I also request a copy of any reports or documents filed by representatives/employees of Delfin Offshore Pipeline and/or Delfin Midstream with PHMSA in response to a corrective action order (CPF 4-2026-028-CAO) issued by PHMSA on February 6, 2026. The time window for this request is between February 6, 2026, and April 14, 2026.
PHMS-2026-00153	04/16/2026	Pillsbury Winthrop Shaw Pittman, LLP	All documents including, but not limited to, correspondence, files, emails, memoranda, letters, notes, video and/or audio tape, photographs, call records, voicemails, text messages, direct/instant messages, facsimiles, schematics, and any and all information provided to or generated by the Department of Transportation regarding the February 24, 2026 explosion/fire involving the hydrogen trailer located at 2170 Miguel Bustamante Parkway, Colton, California.
PHMS-2026-00154	04/22/2026	Individual	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I request copies of all records created, received, maintained, or transmitted by the Pipeline and Hazardous Materials Safety Administration (PHMSA) relating to a safety and environmental complaint submitted by myself on or about October 30, 2025, concerning vessel operations, pipeline-related activities, and associated safety and environmental risks connected to a Troy Construction pipeline project located in or near Orange, Texas and Vinton, Louisiana. This request includes records maintained in any complaint intake systems, hotlines, shared mailboxes, or contractor-operated systems used to receive or process safety or environmental complaints. This request covers records from October 30, 2025, through the date of the agency's search for responsive records. This request includes, but is not limited to, all records reflecting PHMSAs receipt, review, evaluation, handling, referral, or disposition of that complaint. Specifically, I request: All intake records, complaint logs, case files, tracking entries, or database records reflecting receipt of the October 30, 2025 complaint. All internal and external communications, including emails, messages, drafts, and informal correspondence, referencing or discussing the complaint, including communications with: U.S. Coast Guard Environmental Protection Agency (EPA) OSHA / Department of Labor Federal Energy Regulatory Commission (FERC) Any PHMSA regional or headquarters offices All records reflecting any referral, transfer, or routing of the complaint to another office or agency, including transmittal emails, routing sheets, or internal tracking notes identifying where the complaint was sent and for what purpose. All notes, memoranda, summaries, reports, or analyses prepared in response to or

			referencing the complaint. All records reflecting any jurisdictional determination, including any decision that the matter was outside PHMSA jurisdiction or did not warrant further action. All records reflecting any investigative consideration, inspection decision, enforcement consideration, referral decision, or determination not to initiate an inspection, enforcement action, or safety review. Any records referencing or identifying the following individuals, entities, or subject matter in connection with the complaint: Troy Construction LLC Cajun Boat Rentals Mervin Jude Guidry Vessel-based employee transport operations associated with pipeline work Pipeline construction or maintenance activities involving water access Safety hazards associated with vessel transport to pipeline work sites Fuel spills, oil discharges, or environmental contamination incidents Any attachments, photographs, or supporting materials retained by PHMSA that were submitted with or in connection to the complaint. Any records sufficient to show the timeline of handling of the complaint, including dates of receipt, assignment, review, referral, and any final disposition. Records sufficient to identify any tracking numbers, case numbers, or database identifiers assigned to the complaint. Records sufficient to show the offices, systems, and custodians searched in response to this request, including a general description of the methods used to identify responsive records, such as systems searched and, where reasonably available, search terms used. This request include . . . The description has exceeded the character limit.
PHMS-2026-00155	04/21/2026	Spagnoletti Law Firm	Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, I respectfully request access to any and all records in the possession, custody, or control of the Pipeline and Hazardous Materials Safety Administration (PHMSA relating to an incident occurring on or about July 26, 2025, aboard or in connection with the vessel known as MV Southern Grace, located at or near offshore Southshore. Our client was employed as a deckhand by Southern Marine. During cargo handling operations, a load struck our client and pinned him against the rack railing, resulting in significant injuries. This request seeks records relating to any PHMSA involvement, oversight, reporting, coordination, or safety review connected to this incident or any hazardous materials, cargo handling or transportation safety issues. We respectfully request the following categories of records: 1. Incident Reports and Notifications Any incident reports, safety notifications, or accident reports received or maintained by PHMSA referencing the Southern Grace incident on or about July 26, 2025 Any hazardous materials incident reports, cargo transport incident reports, or related safety submissions connected to this event Any operator-submitted reports forwarded to or shared with PHMSA regarding the incident 2. Inspection, Review, or Oversight Records Any

			PHMSA reviews, assessments, or evaluations related to cargo handling, transport safety, or hazardous materials operations connected to this incident Any records indicating PHMSA coordination with other federal agencies (including the U.S. Coast Guard, OSHA, or BSEE) regarding this event Any safety compliance assessments or regulatory determinations related to the cargo or loading operations involved 3. Communications Internal PHMSA communications discussing, evaluating, or referencing the incident Communications between PHMSA and Southern Marine, W&T, or any affiliated operators regarding the incident Communications between PHMSA and other federal, state, or local agencies concerning this incident 4. Enforcement or Safety Action Records (if applicable) Any notices of violation, warnings, corrective action directives, or enforcement-related documents issued or considered in connection with this incident Any safety advisories, hazard alerts, or compliance guidance issued as a result of or referencing this incident
PHMS-2026-00156	04/21/2026	Hilcorp Corporation	Under the Freedom of Information Act (5 U.S.C. § 552), I am requesting copies of the following documents submitted to or generated by PHMSA in connection with Special Permit PHMSA-2010-0063 (Anchor Point Energy, LLC / Hilcorp Alaska, LLC): 1. "Fiberspar Long-term Hydrostatic Regression testing of the Line Pipe Product Family Representative per ASTM D2992-12 Procedure A," dated March 31, 2015. This document was submitted as Appendix B-4 to the Summary Report (Exhibit B) filed with the renewal application for Special Permit PHMSA-2010-0063, which is publicly available on the federal docket as document PHMSA-2010-0063-0031, Attachment 1 (see page 7 of that document, which references Appendix B-4). 2. "190311-DOT-APE Compliance Overview for PHMSA-2010-0063.pdf," dated approximately March 11, 2019. This document was submitted by APE to the PHMSA docket and is specifically referenced in the special permit renewal grant (see PHMSA-2010-0063-0042, Attachment 2, page 2, which states: "a document submitted by APE regarding compliance with the original special permit that was uploaded to the Docket and titled '190311-DOT-APE Compliance Overview for PHMSA-2010-0063.pdf'. PHMSA explicitly relied upon this document as part of its basis for granting the 2019 renewal of the special permit. 3. All remaining appendices (B-1 through B-7) referenced in the Summary Report (Exhibit B) filed with the renewal application (PHMSA-2010-0063-0031, Attachment 1) that are not currently posted on the public docket, including but not limited to: Appendix B-2: Year 3.75 Destructive Testing Report (approximately 2015) Appendix B-3: Year 5.5 Destructive Testing Report (approximately 2017) 4. Any and all inspection reports, compliance assessments, or enforcement-related documents generated by PHMSA in connection with Special

			Permit PHMSA-2010-0063 during the period from October 8, 2010 to the present, including but not limited to: PHMSA inspection reports referenced in the renewal grant as part of the basis for the renewal decision Any compliance verification records related to the conditions of the original or renewed special permit Any correspondence between PHMSA and APE/Hilcorp regarding compliance with special permit conditions
PHMS-2026-00157	04/27/2026	URCA	I am writing on behalf of the Utility Regulation and Competition Authority (URCA) in the Bahamas to request a copy of the PHMSA Investigation Report No. ROI-I251219001. URCA understands that the report covers matters that relate to shipments of LNG ISO tanks from the Bahamas and as such comes under the remit of URCA of the natural gas regulator in Bahamas. Incident date was December 14, 2025.
PHMS-2026-00158	04/27/2026	Dunaway Law Firm	All records regarding an incident involving deceased client on January 18, 2024 at Polar Service Centers, Inc., Spartanburg, South Carolina. Additional information is available in the FOIA file.
PHMS-2026-00159	04/28/2026	Kalamaya Goscha	We are requesting information, reports, communications, memos, photographs, or any documents, or other records pertaining to Black Hills Colorado Gas Inc and the explosion that occurred on February 3, 2022, at 173 Slalom Path, Aspen, CO 81611.
PHMS-2026-00160	04/28/2026	Individual	This is a request under the Freedom of Information Act. I am requesting a copy of the official Incident Report (Form PHMSA F 7100.2) and all associated investigative records regarding a natural gas release and explosion involving City Utilities of Springfield on July 17, 2023. Incident Details: Operator: City Utilities of Springfield (MO) Date: July 17, 2023 Location: Near Charleston St in south Springfield, MO (near lake Springfield) Description: Failure of a high-pressure gas line/ pipeline explosion. Records Requested: The full PHMSA Form F 7100.2 filed by the operator. Any Failure Investigation Reports (FIR) or field notes from PHMSA or state-agent investigators. Any Notice of Probable Violation (NOPV) or enforcement actions taken as a result of this incident.
PHMS-2026-00161	04/29/2026	The Durango Herald	All reports and investigations, assessments, or other documents prepared by or for the Pipeline and Hazardous Materials Safety Administration concerning Enterprise Products LLC gasoline pipeline leak in La Plata County in December 2024. All communications between PHMSA and Enterprise Products, any subsidiaries of the company or any contractors hired by Enterprise Products in relation to the spill.
PHMS-2026-00162	04/30/2026	Everglades Law	In January 2026, approximately 4,900 gallons of non-PCB petroleum-based mineral oil a regulated hazardous material used as electrical insulating fluid were released from an Appalachian Power Company (AEP) substation at 1784 Rockspring Development Road, East Lynn, Wayne County, WV 25512 into Camp Creek, Right Fork of Camp Creek, and Twelvepole Creek, contaminating the

			municipal drinking water supply of the Town of Wayne, West Virginia. A Do Not Consume order remained in effect for over three weeks. EPA and WV Department of Health laboratory testing confirmed the presence of petroleum hydrocarbons in the Town of Wayne's treated water supply. RECORDS REQUESTED 1. All PHMSA hazardous materials incident reports (DOT Form 5800.1 or equivalent) filed by AEP/Appalachian Power or any responsible party relating to the East Lynn substation oil release, Wayne County, WV, for any date from September 1, 2025 through present. 2. All PHMSA hazardous materials incident reports filed by AEP/Appalachian Power or any responsible party relating to the Wyoming County, WV substation oil release occurring in or around January 2026. 3. All PHMSA records, internal communications, compliance evaluations, or enforcement records reflecting whether AEP/Appalachian Power timely reported the East Lynn release in accordance with 49 C.F.R. §§ 171.15 and 171.16, and if not, what action PHMSA took or considered in response. 4. All PHMSA records reflecting any prior hazardous materials incident reports filed by AEP/Appalachian Power relating to West Virginia facilities, from January 1, 2015 through present. 5. All PHMSA communications with AEP/Appalachian Power, EPA Region 3, WVDEP, or any other agency regarding the East Lynn or Wyoming County substation releases. 6. All PHMSA records reflecting any inspection, audit, or compliance review of AEP/Appalachian Power hazardous materials handling, storage, or containment practices at West Virginia substation facilities, from January 1, 2015 through present.
PHMS-2026-00163	04/30/2026	Everglades Law	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and PHMSA's FOIA regulations at 49 C.F.R. Part 7, I hereby request the following records. This request is submitted concurrently with a separate PHMSA FOIA concerning AEP incident reports and spill records. This request focuses on AEP's self-reporting compliance history and PHMSA's enforcement record. RECORDS REQUESTED 1. All National Response Center (NRC) reports submitted by or on behalf of AEP/Appalachian Power relating to any release at the East Lynn substation, 1784 Rockspring Development Road, East Lynn, WV 25512, from September 1, 2025 through present, including the date, time, and content of any such report. 2. All PHMSA records reflecting whether AEP/Appalachian Power submitted a written hazardous materials incident report(DOT Form 5800.1) for the East Lynn release within the 30-day window required by 49 C.F.R. § 171.16, and if so, the date submitted and content of that report. 3. All PHMSA enforcement records, penalty notices, warning letters, or compliance orders issued to AEP/Appalachian Power for failure to timely report hazardous materials incidents at any facility, from January 1, 2010 through present. 4. All PHMSA

			records reflecting the agency's response to, or evaluation of, AEP's reporting timeline for the East Lynn release, including any determination of whether reporting obligations were satisfied. 5. All PHMSA records reflecting any assessment of whether AEP/Appalachian Power's transformer oil containment infrastructure at West Virginia substations complies with applicable hazardous materials storage and containment regulations, including secondary containment requirements under 49 C.F.R. Part 173. 6. All PHMSA records reflecting communications between PHMSA and EPA, WVDEP, the National Response Center, or any other agency regarding the Wayne County or Wyoming County AEP substation releases and applicable federal reporting or containment obligations.
PHMS-2026-00164	05/01/2026	Lyons Simmons	I request all records, including but not limited to the following PHMSA forms and data collections, to the extent they reference Driscopipe products: 1. Incident reports, operator filings, and investigation files for CPS Energy, including, but not limited to, all communications, correspondence, submissions, findings and determinations between PHMSA representatives and CPS Energy regarding the foregoing reports, filings and investigations (OPID: 18104) - including but not limited to: o Incident Report Gas Distribution System (required by 49 C.F.R. Part 191) -Gas Distribution Incident Report Form F 7100.1, - Mechanical Fitting Failure Report Form F 7100.1-2 2. Annual and administrative filings for CPS Energy including but not limited to: - Gas Distribution Annual Report Form F 7100.1-1 OpID Assignment Request Form F 1000.1 3. Safety management system and voluntary reporting materials for CPS Energy including but not limited to: - PHMSA Gas Distribution IA Question Set GD-SMS-2022 Form for Voluntary Adoption of API Recommended Practice 1173 for Gas Distribution Systems 4. Advisories, warnings, studies, and safety bulletins/communications mentioning Driscopipe (This request is a general request and is not limited to CPS Energy). 5. All written communications, including emails and texts, with the Operator or its representatives concerning the April 21, 2026, incident which occurred at or near 15058 Preston Hollow Dr., 15062 Preston Hollow Dr., and 15066 Preston Hollow Dr., in San Antonio, Texas. Specific Categories Requested (SCADA) 1. All operator control room management plans submitted by the Operator to PHMSA. 2. All operator control room management plans of the Operator inspected by PHMSA. 3. All policies and procedures, verifications and plans in your possession regarding the Operators SCADA system. 4. All training programs and training exercises in your possession regarding the Operators control room management plan. 5. All training programs and training exercises in your possession regarding the Operators SCADA system. 6. All requests for compliance validation by PHMSA to the Operator regarding its control room

			management plan. 7. All responses to PHMSAs requests for compliance validation to the Operator which PHMSA received from the operator. 8. All PHMSA internal memoranda, inspection checklists, or documents regarding inspections and validations of the Operators control room management plans. 9. All communications between Operator and PHMSA regarding Operators SCADA system. Date range from August 1, 2011 to the present.
PHMS-2026-00165	05/04/2026	TRAM Group	Under the Freedom of Information Act, 5 U.S.C. § 552, requesting copies of all records related to administrative proceedings and civil penalties assessed against Metal Conversion Technologies, LLC (Principal Place of Business: 211 Mill St, Springport, MI 49284). Specifically, the request includes: 1. The Initial Decision issued in October 2021 and the Final Order issued on or about July 25, 2022, regarding PHMSA Case No. 18-0086-HMI-SW. 2. All records of safety violations, inspection reports, and investigative records that led to the assessment of the civil penalty of approximately \$131,000. 3. Any records of "Notice of Claims" or settlement agreements between the DOT/PHMSA and this entity. Legal Context: These penalties were related to violations of the Hazardous Materials Transportation Act of 1975. Court Reference: If the records are not immediately located, it may be helpful to mention that the case was recently reviewed by the U.S. Supreme Court (Docket #23A581) and the 11th Circuit Court of Appeals (Case No. 22-14140).
PHMS-2026-00166	05/04/2026	Jones Swanson Huddell	We respectfully request an opportunity to inspect and/or obtain copies of the following documents in the possession and control of the Department of Transportation (DOT), including the Pipeline and Hazardous Materials Safety Administration (PHMSA): 1. All hazardous liquid accident/incident reports, including, but not limited to, all Accident Report Forms F 7000-1 (and all previously used report formats), and associated attachments and correspondence that reference or relate to the following pipeline operators: Tennessee Gas Pipeline Company, LLC; Tennessee Gas Transmission Company; and/or Tenneco Inc. for the period of January 1, 1966 to the present, concerning pipelines and incidents located in or affecting Terrebonne Parish and Plaquemines Parish, Louisiana. 2. All annual reports for natural gas transmission and gathering pipeline systems, including any Form PHMSA F 7100.2-1 (and all previously used report formats) submitted pursuant to 49 CFR Part 191.17, any operator submissions, amendments, or corrections, that reference or relate to Tennessee Gas Pipeline Company, LLC; Tennessee Gas Transmission Company; and/or Tenneco Inc. for the period of January 1, 1966 to the present, concerning pipelines, incidents, and/or operations located in or affecting Terrebonne Parish and Plaquemines Parish, Louisiana. 3. All documents, including incident reports, investigations, correspondence, and enforcement documents related to a pipeline

			incident that occurred in Plaquemines Parish on 9/8/2022, involving operator High Point Gas Transmission, LLC, with associated Report No. 20220107, and Supplemental No. 37,205.
PHMS-2026-00167	05/04/2026	Butler Weihmuller Katz Craig LLP	Any records including any submitted incident report(s) related to a fire involving a natural gas distribution service line occurring on: September 18, 2025, at the residential address of: 22 Habersham Way Northwest, Atlanta, GA 30305.
PHMS-2026-00168	05/04/2026	Kanner & Whiteley, LLC	Specifically, CAW requests that PHMSA provide the following types of materials: 1. All records concerning proposed restart plans for the Pegasus Pipeline, including any documents or communications between Permian Express and PHMSA relating to review, consideration, denial, or acceptance of the same; 2. All records concerning Remedial Action Workplans for the Pegasus Pipeline submitted by Permian Express, including all documents or communications between PHMSA and Permian Express relating to denial or acceptance of the Remedial Action Workplan; 3. All records, including discussions between PHMSA and Permian Express as well as correspondence between third parties, concerning pipeline integrity testing methods and results of the Pegasus Pipeline, including metallurgical testing, hydrostatic testing, in-line inspections, valve studies, and evaluations of pipeline susceptibility to longitudinal seam failure; and 4. All records concerning the spill response plan for the Pegasus Pipeline required under 49 C.F.R. part 194, including the current plan, training programs and supplemental spill response training reports, and submissions and discussions between PHMSA and Permian Express regarding revisions or modifications to the plan. (Date Range for Record Search: From 10/1/2025 To 3/30/2026)
PHMS-2026-00169	05/06/2026	Gorny Dandurand, LC	I am writing to issue a formal FOIA/open records request for all documents related to a fatal gas explosion that occurred on June 18, 2025 at 1814 E. 6th Street in Emporia, Kansas. Kansas Gas Service (KGS), a division of ONE Gas, responded. The Kansas Corporation Commission (KCC) Pipeline Safety office investigated. I am particularly interested in receiving the PHMSA Form 7100.1 submission, but this request covers all documents related to the incident.
PHMS-2026-00170	05/06/2026	Infiniti Investigations, LLC	I am requesting any releasable PHMSA records on the following incident: Party: BP Refinery Cherry Point - WA / LOI: BP Refinery Cherry Point, Blaine, WA / DOI: 04-18-2026 / Details: Refinery fire/explosion resulting in injuries / Records Requested: Any PHMSA inspection-investigation records for this incident, including but not limited to: *Reports *Graphs/Charts *Investigations *Compliance History *Safety Violations *Disciplinary Actions / Sanctions *Videos *Interviews *Emails *Notes *Photographs *Complaints *Audio Records *Inspections
PHMS-2026-00171	05/07/2026	Energywire	I request a copy of any communication, either via email or letter(s), between the Pipeline and

			Hazardous Materials Safety Administration (PHMSA) including Linda Daugherty, Bryan Lethcoe, PHMSA's Office of Pipeline Safety (OPS) and PHMSA's Accident Investigation Division and representatives/employees of Delfin Offshore Pipeline and/or Delfin Midstream (email domains include @delfinlng.com, @gagnierfc.com and @fairwoodlng.com, as well as d.poston@delfinlng.com, w.daughdrill@delfinlng.com and d.werner@fairwoodlng.com) that discuss or mention an explosion that occurred on Feb. 3, 2026, in Louisiana's Cameron Parish on a natural gas pipeline owned by Delfin. The time window for this request is between April 15, 2026, and May 7, 2026. I also request a copy of any reports or documents filed by representatives/employees of Delfin Offshore Pipeline and/or Delfin Midstream with PHMSA in response to a corrective action order (CPF 4-2026-028-CAO) issued by PHMSA on February 6, 2026. The time window for this request is between April 15, 2026, and May 7, 2026.
PHMS-2026-00172	05/08/2026	Attorney Brian White & Associates, P.C	I. Records Requested 1. Any DOT Form 5800.1 Hazardous Materials Incident Report filed in connection with the crash that occurred on Interstate 10 eastbound at or near Reference Marker 812 in Chambers County, Texas, on Thursday, March 19, 2026, at approximately 7:47 a.m., including the original report, all amendments, supplements, and follow-up reports. 2. Any and all PHMSA inspection records, special permits, exemptions, registrations, and enforcement actions issued to or filed against Tom Hassel Transport, Inc. (USDOT 516075) and Hassel Leasing, Inc. for the period from January 1, 2021, through the present. 3. Any Hazardous Materials Information Reporting System (HMIRS) records concerning Tom Hassel Transport, Inc. or Hassel Leasing, Inc. for the period from January 1, 2021, through the present, including all incident records, all inspection records, and all enforcement records. 4. Any and all records concerning the cargo at issue, namely UN3257 (Elevated Temperature Liquid, n.o.s.), including but not limited to any guidance documents, interpretations, special permits, exemptions, or enforcement actions concerning the transportation of U1N3257 by tank truck, particularly with reference to the temperature, packaging, placarding, emergency response information, and shipping paper requirements applicable to that cargo. 5. All hazardous materials registration records under 49 C.F.R. Part 107 Subpart G filed by Tom Hassel Transport, Inc. or Hassel Leasing, Inc., including all registration statements, fees, and amendments. 6. All records concerning any hazardous materials safety permits issued under 49 C.F.R. Part 385 Subpart E to Tom Hassel Transport, Inc. or Hassel Leasing, Inc. 7. All records of any cargo tank facility approvals, registration of cargo tank manufacturers and repairers, or design certifying engineer registrations concerning the 2019

			Tremcar tank trailer at issue (VIN 2TLDL4329KB000534). 8. All complaints filed with PHMSA concerning Tom Hassel Transport, Inc., Hassel Leasing, Inc., or Corey Jermaine Thomas (Louisiana CDL 007209108) for the period from January 1, 2021, through the present.
PHMS-2026-00173	05/12/2026	Individual	This is a request under the Freedom of Information Act. I request copies of the following records: 1. A copy of the valid email address and contact information for each subject matter expert and selecting officials, evaluating applicants and reviewing applicants for USDOT job position number PHMSA.HMRG-2026-0003. 2. A copy of all invitations to interview for positions PHMSA.HMRG-2026-0003. 3. A copy of all tentative job offers for positions PHMSA.HMRG-2026-0003. 4. Copies of all interview notes taken by the selection officials for positions PHMSA.HMRG-2026-0003. 5. All copies of references submitted by applicants for positions PHMSA.HMRG-2026-0003. 6. All copies of email or written correspondence from USDOT employees or contractors, recommending an application to the selection officials, for positions PHMSA.HMRG-2026-0003.
PHMS-2026-00174	05/12/2026	Pfeiffer Vacuum+ Fab Solutions	I am writing to request copies of the approval records associated with the following approval numbers listed in the Hazardous Materials Approvals Search system: CA2013120005 CA2016070022 CA2018100507
PHMS-2026-00175	05/12/2026	AEI	I am conducting a Phase I ESA at the property located at 3110 Scott Circle in Omaha, NE 68112. Reportedly, a Magellan jet fuel pipeline was formerly active at the subject property. AEI observed the pipeline during site reconnaissance and contacted Magellan for more information. Magellan confirmed the former operations at the site but did not have any additional information regarding the pipeline. AEI is reaching out for more information, such as maps, pipeline information, and/or release documents.
PHMS-2026-00176	05/13/2026	Individual	This is a request under the Freedom of Information Act. I request copies of the following records. 1. A copy of any complaints, allegations or civil filings related to inappropriate hiring practices within the Pipeline and Hazardous Materials Safety Administration (limit the scope to three years). 2. All US DOT general counsel and Inspector General reports, to include handwritten notes and email correspondence, related to any allegations of inappropriate hiring practices. These documents are a matter of public record and area not protected by Attorney/Client privilege (limit the scope to (3) years). 3. A compiled list of all contract personnel allowed to access applications within the Pipeline and Hazardous Materials Safety Administration. 4. A compiled list of all H1B Visa contract employees, with access to Human Resource material and applications for employment within PHMSA. 5. Any Pendleton Civil Service Reform Act of 1883, complaints filed against any member of the PHMSA.

PHMS-2026-00177	05/13/2026	Individual	This is a request under the Freedom of Information Act. I request copies of the following records. 1. A copy of any signed acknowledgement of the Attached OPM directive, signed by the PHMSA Director and the Hiring Manager for position PHMSA-HMRG-2026-0003. 2. Any written acknowledgment of the attached OPM directive, signed by the PHMSA General Counsel.
PHMS-2026-00178	05/13/2026	Individual	This is a request under the Freedom of Information Act. I request copies of the following records. 1. One or around May 29, 2025, a directive memorandum from Vince Haley, U.S. Office of Personnel Management, was electronically disseminated to all members of the United States Department of Transportation. The Hiring Manager for positions PHMSA.HMRG-2026-0003 and the PHMSA General Counsel received electronic email correspondence with this directive, attached. Copies of the email inbox showing receipt of this email by Hiring Manager for positions PHMSA.HMRG-2026-0003 and the PHMSA General Counsel is requested. All email responses to this particular email is requested. A copy of the opened email for this directive is requested from the Hiring Manager and the PHMSA General Counsel.
PHMS-2026-00179	05/13/2026	Individual	Subject Matter. This request is limited to records concerning the proposed relocation of approximately 4,000 linear feet of the existing pipeline operated by Sunoco Pipeline L.P. (Operator ID likely 31618 or related operator IDs; a subsidiary of Energy Transfer LP) on, near, or adjacent to the property bounded by Sanatoga Road, Evergreen Road, Possum Hollow Road, and Lightcap Road in Limerick Township, Montgomery County, Pennsylvania, as depicted on Sheet 6 of 16 of the Overall Proposed Site Layout prepared by LaBella Associates and identified as Relocation of Exist. Gas-Main (±4,000 LF) and Underground Gas Main Re-Routed Around Campus (the Pipeline Relocation). Records Requested. For the period from January 1, 2024 through the date of PHMSAs response, the undersigned requests all records relating to the Pipeline Relocation, including without limitation: 1. All notifications, filings, and submissions made to PHMSA by Sunoco Pipeline L.P., Energy Transfer LP, or any of their affiliates concerning the Pipeline Relocation, including any notifications under 49 C.F.R. Parts 191, 195, or any other applicable reporting requirement regarding the proposed abandonment, alteration, replacement, or relocation of any segment of pipeline in or near Limerick Township, Montgomery County, Pennsylvania. 2. All correspondence, emails, memoranda, notes of meetings, telephone logs, and other communications between PHMSA officials, employees, or agents and (a) Sunoco Pipeline L.P., Energy Transfer LP, Sunoco Logistics, Sunoco Partners Marketing & Terminals LP, or any of their affiliates, parents, subsidiaries, officers, employees, agents, or counsel, (b) MDC 7, LLC, or any parent, subsidiary, or affiliated entity, (c) Campbell Rocco Law, LLC, (d) Labella Associates,

			(e) Limerick Township or any of its officials, employees, agents, or consultants, and (f) the Pennsylvania Public Utility Commission, the Pennsylvania Department of Environmental Protection, the Pennsylvania Department of Transportation, or any other state or local agency, in each case relating to the Pipeline Relocation. 3. All records describing or depicting the existing and proposed alignments of the pipeline that is the subject of the Pipeline Relocation, including legal descriptions, GIS shapefiles, KMZ files, CAD 2026-00179 files, plans-and-profile drawings, and any product-type (hazardous liquid, refined product, natural gas liquids, or other), operating-pressure, pipe-diameter, depth-of-cover, MAOP, or class-location information submitted to or generated by PHMSA. 4. All inspection reports, integrity management records, in-line inspection summaries, operator qualification records, public awareness program records, and damage prevention records concerning the segments of Sunoco Pipeline L.P. infrastructure proposed to be relocated or abandoned as part of the Pipeline Relocation, including any records held by the Office of Pipeline Safety and the Eastern Region Office. 5. All Notices of Probable Violation, Notices of Amendment, Warning Letters, Corrective Action Orders, Safety Orders, Consent Orders, civil penalty assessments, and other enforcement records concerning the segments of Sunoco Pipeline L.P. infrastructure proposed to be relocated or abandoned, or concerning Sunoco Pipeline L.P. operations in Montgomery County, Pennsylvania. 6. All accident, incident, and release reports submitted by Sunoco Pipeline L.P. or its affiliates concerning the segments of pipeline proposed to be relocated or abandoned, including any DOT Form PHMSA F 7000-1 (Accident Report Hazardous Liquid Pipeline System)
PHMS-2026-00180	05/14/2026	Douglas, Haum & Heidemann, P.C.	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the Department of Transportation's implementing regulations at 49 C.F.R. Part 7, this office requests copies of the following records in the possession, custody, or control of PHMSA (including the Office of Pipeline Safety, the Accident Investigation Division, and the Central Region Office), concerning City Utilities of Springfield, Missouri ("CU") and the July 17, 2023 natural gas transmission line rupture, fire, and related incident at or near the intersection of Briar Street and Charleston Avenue, Springfield, Missouri (the "Incident"): 1. The complete PHMSA Form 7100.2 incident report filed by CU concerning the Incident, and any amended or supplemental reports. 2. Any and all telephonic notification records, NRC reports, and 48-hour update submissions concerning the Incident. 3. Any Failure Investigation Report (FIR), Investigation Summary, or Incident Summary prepared by the Accident Investigation Division or the Office of Pipeline Safety concerning the Incident. 4. All Notices of Amendment, Notices of Probable

			Violation, Corrective Action Orders, Compliance Orders, Civil Penalty Actions, Warning Letters, and Safety Orders issued to, or draft documents concerning, CU during the period January 1, 2018 through the date of your response. 5. All inspection reports, operator assessment reports, and program evaluations concerning CU's gas distribution operations and gas transmission operations during the period January 1, 2018 through the date of your response, including without limitation reports concerning Distribution Integrity Management Program (DIMP) implementation, Operator Qualification program evaluations, and Public Awareness program reviews. 6. The Tier 2 Site-Specific Environmental Assessment referenced on PHMSA's grant page for "City Utilities of Springfield, MO" (available at https://www.phmsa.dot.gov/about-phmsa/working-phmsa/grants/pipeline/city-utilities-springfield-mo), together with the complete grant application, award documentation, quarterly and final reports filed by CU, and any site-visit or verification documentation. 7. All correspondence (including email) between PHMSA personnel and CU concerning the Incident, the failed valve, the affected transmission line, the excavation, the cleanup, or any related matter. 8. All correspondence (including email) between PHMSA personnel and the Missouri Public Service Commission concerning the Incident or concerning CU's gas operations more generally during January 1, 2018 through the date of your response. 9. All incident reports filed by Southern Star Central Gas Pipeline, Inc., Panhandle Eastern Pipeline Company, LP / Energy Transfer LP, and Enable Mississippi River Transmission Corporation, LLC, concerning any segment of pipeline in Missouri during January 1, 2018 through the date of your response. 10. To the extent not encompassed by the foregoing, any records reflecting chemical constituents, contaminants, condensates, or hazardous liquids associated with natural gas delivered by any interstate transmission operator to CU at any Springfield area interconnection, including gas chromatography data, condensate analyses, and mercury-removal records.
PHMS-2026-00181	05/14/2026	Sandia National Laboratory	I would like to request a report, but I would like to read Technical Basis for the 1996 Emergency Response Guidebook if possible. The publication date should be 1996 and I believe the report number is DOT/RSPA/SCO-1-96. This is for a technical report I am writing at Sandia National Labs about the Emergency Response Guide.
PHMS-2026-00182	05/14/2026	Enverus	Pursuant to the Freedom of Information Act (5 U.S.C. § 552), Enverus respectfully requests the following records maintained by the Pipeline and Hazardous Materials Safety Administration (PHMSA), specifically records compiled and maintained in connection with the National Pipeline Mapping System (NPMS). Records Requested: Pipeline attribute data for all natural gas transmission pipelines reported to PHMSA by

			operators pursuant to 49 CFR §191.29 and maintained in the National Pipeline Mapping System (NPMS), including the following fields for each pipeline segment: 1. Operator name 2. Operator ID (OPID) 3. System name / pipeline name 4. Nominal Pipe Size (diameter) in inches 5. Pipeline material (steel, plastic, etc.) 6. Commodity transported 7. Pipeline status (active, abandoned, idle) 8. Interstate / Intrastate classification 9. Maximum Allowable Operating Pressure (MAOP) 10. State and county 11. Pipeline geometry (GIS format shapefile or geodatabase) if releasable
PHMS-2026-00183	05/15/2026	Kherkher Garcia, LLP	Per the Freedom of Information Act, we hereby request the following: 1. All documents, communications, photos, video, audio, electronically stored information, and tangible things that arise out of or relate to the 02/03/26 Explosion in Cameron Parish, Louisiana (Delfin Pipeline Explosion), which caused catastrophic injury to our client, Laman Gutierrez. On information and belief, the pipeline was operated by Delfin LNG. 2. All reports relating to the incident 3. All root cause analyses relating to the incident 4. All factual findings relating to the incident 5. All field notes relating to the incident 6. All witness statements relating to the incident 7. All results of testing (e.g., air testing, gas testing, leak testing, corrosion testing, metallurgical testing related to the incident) 8. All fines and penalties relating to the incident 9. All documents communications, photos, video, audio, electronically stored information, and tangible things received from any other parties relating to this incident 10. All other items in your possession regarding this incident
PHMS-2026-00184	05/15/2026	Holland & Hart LLP	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I am writing to request copies of records from the Pipeline and Hazardous Materials Safety Administration (PHMSA) pertaining to the Linde Hydrogen Plant located at 685 S Chevron Way, North Salt Lake, Utah 84054 (the Facility), as described below: 1. Please provide all records of inspections or audits conducted by PHMSA at or in connection with the Facility since January 1, 2021, including but not limited to the scope, findings, and any relevant correspondence or reports; 2. Please provide all records related to Notices of Violation (NOV) and enforcement actions regarding the Facility issued by PHMSA to the owner/operator since January 1, 2021, including but not limited to any corrective action orders, consent agreements, or compliance orders; 3. Please provide all notifications and inspection reports regarding the Facility issued by PHMSA to the owner/operator since January 1, 2021.
PHMS-2026-00185	05/18/2026	Axiomancer Labs LLC	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I am requesting access to the following records: Pipeline hazardous liquid and gas incident reports Corrective Action Orders, supplement narratives, and follow-up enforcement correspondence linked to PHMSA Operator ID (OPID) for all reportable incidents in calendar year 2024. Native PDF or structured export with OPID +

			incident ID + lat/lon. Per-incident fields: operator name, OPID, incident report number, incident date, location lat/lon, CAO number if issued, CAO issuance date, follow-up correspondence index. Pipeline hazardous liquid and gas incident records specifically the Corrective Action Orders (CAOs), supplement narratives, and follow-up enforcement correspondence for all reportable incidents reported to PHMSA in calendar year 2024. Specifically, for each reportable incident in the 2024 window: - PHMSA Operator ID (OPID) - Incident report ID (PHMSA assigned) - Lat/lon and county/state of incident - Date of incident - Commodity released and quantity - CAO issued (Y/N); if Y, CAO text or summary, CAO issue date, CAO compliance deadline - Supplement narrative report (if any) - Follow-up enforcement correspondence (Notice of Probable Violation, Notice of Amendment, Consent Order index level acceptable if full documents are voluminous)
PHMS-2026-00186	05/19/2026	Tuhaus Steffee & Steffe, LLC	Freedom of Information Act Request - ANR Pipeline Incident Records Pipeline Operator ANR Pipeline Company (TC Energy) Incident location: Cascade, Wisconsin Incident date: November 14, 2025 Records Requested. 1 request copies of the following records relating to the above incident. Please include records held by PHMSA Headquarters and the applicable regional office: 1. All incident or accident reports concerning the above incident, including any PHMSA Form F 7100.2 (or successor form) and any telephonic/initial notification records submitted by ANR Pipeline Company or TC Energy. 2. The complete accident/failure investigation file, including investigator field notes, diagrams, sketches, measurements, photographs, and video. 3. Any metallurgical, failure-analysis, engineering, or laboratory reports relating to the affected pipeline segment. 4. All enforcement records arising from the incident, including any Notice of Probable Violation, Corrective Action Order, Notice of Amendment, consent order or agreement, proposed civil penalty, and final order. 5. All correspondence between PHMSA and ANR Pipeline Company/ TC Energy; the Wisconsin Public Service Commission (including any work performed by PSC staff as PHMSA's agent), the excavating contractor(s) or subcontractor(s), or their representatives concerning the incident. 6. All records relating to the one-call/Digger's Hotline locate request, positive response, facility markings, and excavation-damage findings considered by PHMSA. 7. Records sufficient to identify the file, including the PHMSA incident/accident number, case number, region assigned, and when opened and (if applicable) closed. 8. Any final cause-and-origin determination, final investigative report, or final conclusions, including determination of ignition source and contributing factors.
PHMS-2026-00187	05/19/2026	Tuhaus Steffe & Steffe, LLC	Duplicate of 2026-00186

PHMS-2026-00188	05/20/2026	Ernst & Young LLP	Pursuant to the States Freedom of Information Act relevant to the Pipeline and Hazardous Materials Safety Administration, which grants the public access to copies of governmental records, EY Unclaimed Property Services, LLC (EYUPS) respectfully requests copies of financial records pertaining to uncashed checks, warrants or vouchers issued by the Pipeline and Hazardous Materials Safety Administration and/or any of its sub-agencies, departments, offices, or other authorized authorities. The requested records pertain specifically to payments made by your agency that are currently in an outstanding/uncashed/cancelled status, which have not been reported (escheated) as unclaimed property, are still payable to the payee, and are at least four (4) months old. For those records, please provide the following details, if available: Dollar amount Name of payee/recipient due the funds Address of the payee/recipient due the funds Date associated with the obligation (i.e., check issue date) Check identification number Name of originating agency
PHMS-2026-00189	05/21/2026	Jones Swanson Huddell	This is a request under the Freedom of Information Act (5 U.S.C. § 552), for documents relating to certain reports and records in Terrebonne Parish. 1. DOT Incident No. 870146, involving a pipeline incident that occurred on September 11, 1987; 2. DOT Incident No. 880159, involving a pipeline incident that occurred on May 25, 1988; 3. DOT Incident No. 880214, involving a pipeline incident that occurred on September 17, 1988; 4. DOT Incident No. 880225, involving a pipeline incident that occurred on September 1, 1988; 5. DOT Incident No. 880275, involving a pipeline incident that occurred on November 12, 1988; 6. DOT Incident No. 890039, involving a pipeline incident that occurred on January 20, 1989; and 7. DOT Incident No. 900085, involving a pipeline incident that occurred on February 14, 1990.
PHMS-2026-00190	05/26/2026	Cherry Johnson Siegmund James	OIA Officer: Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I am writing to request disclosure of all records in the possession, custody, or control of the U.S. Department of Transportation, Office of the Secretary of Transportation (OST), relating to the following entities: 1. The BLM Group, Inc. (USDOT Number 545551; MC Number 243978) 2. Kabo Logistics Corp (27 Autumn Ridge Trail, Kitchener, Ontario N2P 2J6, Canada) With respect to The BLM Group, Inc., this request encompasses records pertaining to the company's operations in all capacities, including but not limited to its activities as a motor carrier and as a property broker. The BLM Transportation Group is comprised of numerous divisions, and this request is intended to cover records related to all such divisions and affiliated operations registered under the above-referenced USDOT and MC numbers, as well as any other USDOT or MC numbers associated with The BLM Group, Inc. or its divisions. With respect to Kabo Logistics Corp, this request encompasses all

			records pertaining to the company regardless of whether it is registered with FMCSA or any other DOT component, including any records generated in connection with cross-border operations, roadside inspections, or any other regulatory contact with U.S. federal authorities.
PHMS-2026-00191	05/26/2026	Poten & Partners, Inc.	Under the Freedom of Information Act, I would like to request the following public documents for Case CPF:42026028CAO for DELFIN OFFSHORE PIPELINE LLC : Root Cause Final Analysis Report Restart Plan.
PHMS-2026-00192	05/27/2026	Infiniti Investigations LLC	I am requesting any PHMSA records on the following incident: Party: OXY USA; Occidental / DOI: 09-08-2025 / LOI: OXY-North Hobbs Plant, West Bender Rd, Hobbs, NM; 32.71881525221207, -103.200322619669 / Details: Incident involving electrical shock with injuries to employee /
PHMS-2026-00193	05/28/2026	NRC - Republic Services	I request copies of records, databases, spreadsheets, compliance tracking systems, or other electronically maintained records related to oil spill response plans required under 49 CFR Part 194 (Response Plans for Onshore Oil Pipelines and Railroads), including records identifying operators currently required to maintain and/or that have submitted Response Plans to PHMSA. Specifically, I request the following records and data fields, where available: Operator/company name Pipeline/Railroad system name (if applicable) Operator headquarters address and associated geographic regions of operation PHMSA Operator Identification Number (OPID) Pipeline type (e.g., hazardous liquid, crude oil, refined products) Breakout tank or facility locations associated with the response plan, Plan status (approved, pending, under review, inactive, or equivalent designation) Plan identification number or plan ID Plan approval date and upcoming plan renewal date, update, or review date Worst-case discharge (WCD) volume and planning assumptions, if available Response zones or geographic coverage areas defined in the plan Current contracted Oil Spill Removal Organization (OSRO) provider(s), if identified in agency records Spill management team or primary response contractor(s), if identified Associated regulatory identifiers (e.g., DOT registry numbers, NAICS code, or other internal tracking IDs) Primary contact name for the operator or plan Contact phone number(s) Contact email address(es) I request that the records be provided in a structured electronic format, preferably Microsoft Excel (.xlsx) or CSV. Additionally, to the extent available, I also request an .xlsx or CSV on all records reflecting plan review history, amendments, adequacy determinations, enforcement or inspection tracking related to Part 194 compliance, and any national or regional datasets identifying operators subject to these requirements.
PHMS-2026-00194	05/28/2026	Reuters	I am requesting a copy of the root cause failure analysis report into the explosion of the Delfin LNG pipeline in Louisiana.

PHMS-2026-00195	05/29/2026	Law Offices of Jan Meyer & Associates, P.C.	This is a request under the Freedom of Information Act. I hereby request copies of the following records: National Response Center Incident Report numbers 1386301 and 1386506 which pertain to a December 9, 2023 incident at 18 Richards Avenue, Oneonta, New York 18820.
PHMS-2026-00196	05/29/2026	Individual	I request copies of various records regarding myself from various Federal and state agencies.
PHMS-2026-00197	05/29/2026	Natural Gas Intelligence	I request copies of the final or most recent versions of records submitted to or approved by PHMSA concerning the official root cause failure analysis and restart plan for the pipeline incident involving Delfin Midstream Inc. in Johnson Bayou, Louisiana, that occurred on or about February 3, 2026, and that is associated with Corrective Action Order docket number CPF 4-2026-028-CAO. This request is limited to final reports, final root cause analysis documents, restart plans, corrective action plans, PHMSA approval or denial letters, and any final engineering or inspection reports directly addressing the cause of the incident, required corrective actions, or conditions for restart. I am not requesting drafts, internal deliberative materials, routine correspondence, or duplicate records.
PHMS-2026-00198	06/01/2026	NatGas Consulting	Hope Gas filed a Supplemental PHMSA Incident Report this past April 10, 2026, where they left the "PART H - NARRATIVE DESCRIPTION OF THE INCIDENT" blank! There is no change between the original Incident Report and this Supplemental Incident Report. Not sure how this report was accepted with Part H left *BLANK*? I am seeking the full narrative filed with PHMSA from this report, as claimed by Hope Gas and its preparer, Daniel Evans. Since this is a public document, it is expected that the gas company involved will comply with all entry inquiries in the Incident Report. It suggests an attempt to hide the facts from investigators, the media, and/or the public due to the sensitive human loss and extensive financial losses. I hope that is not the case with Hope Gas's filing. I would like to include in my request all documents filed with PHMSA in connection with this incident report filing.
PHMS-2026-00199	06/02/2026	Individual	Dear FOIA Officer: This is a request under the Freedom of Information Act, 5 U.S.C. § 552. I request copies of the following records: Records relating to the removal, restriction, or de-listing from catalog.data.gov of the following federal datasets, which were publicly available as recently as May 2026 and subsequently found absent from the catalog: (1) Gas Distribution, Gas Transmission & Gathering, LNG Incidents and Hazardous Liquid Accident and Incident Data last confirmed present May 9, 2026. (2) Safety Program Data for Pipeline and LNG Operators last confirmed present April 26, 2026. (3) Leading Indicators SRCR and Integrity Assurance Notifications last confirmed present May 9, 2026. (4) Mechanical Fitting Failure Data from Gas Distribution Operators (20112021) last confirmed present May 9, 2026. (5) Gas Distribution, Gas Gathering, Gas Transmission,

			Hazardous Liquids, LNG Annual Report Data last confirmed present May 9, 2026. Specifically, I request all agency records including emails, memoranda, directives, and internal communications relating to: (a) the decision to remove or restrict access to the above datasets; (b) any security or risk review of those datasets conducted prior to or in connection with their removal; and (c) any communications with the General Services Administration or the Office of Management and Budget regarding those datasets. The requested date range is October 1, 2025 through June 2, 2026.
PHMS-2026-00200	06/03/2026	Inside Climate News	Under the Freedom of Information Act, I request the following documents that Sunoco Pipeline, L.P., a subsidiary of Energy Transfer, L.P., was required to provide to PHMSA officials under the consent agreement for case: CPF No. 4-2025-054-NOPSO, signed April 30, 2025, regarding the breach in the Twin Oaks Discharge Pipeline system that was discovered in Upper Makefield Township, Bucks County, Pennsylvania, in January 2025. 1. Documentation of the actual operating pressures of each pump station and each main line pressure regulating station on the Affected Pipeline at the time of the Failure discovered on January 31, 2025, and the reduced pressure restriction set points at these same locations. (paragraph 13b of the consent agreement) 2. The Type A Sleeve Integrity Plan (paragraph 14) 3. Remedial Work Plan (paragraph 15) 4. Failure History Evaluation (paragraph 16) 5. Evaluation of the Leak Detection System (paragraph 17) 6. Instrumented Leakage Survey (paragraph 19) 7. Mechanical and Metallurgical Testing (paragraph 20) 8. Root Cause Failure Analysis (paragraph 21) 9. Emergency Response Plan and Training Review (paragraph 22) 10. Public Awareness Program Review (paragraph 23)
PHMS-2026-00201	06/03/2026	GRS-Global	We are completing Phase I ESA of a property in Houston, Tx. And looking for information on a pipeline incident from 1994. NRC Report No: 271012, 14400 BLOCK OF HILLCROFT MISSOURI CITY AREA, HOUSTON TX.
PHMS-2026-00202	06/03/2026	Inside Climate News	Under the Freedom of Information Act, I request any reply from Energy Transfer LP or Sunoco LP regarding PHMSA warning letter CPF 4-2025-042-WL, dated September 11, 2025.
PHMS-2026-00203	06/04/2026	Maxout Injury Lawyers	Any and all investigative information obtained including but not limited to all records, reports, correspondence, photographs, videos, statements, notes, logs, electronic records, emails, inspections, investigations, complaints, citations, referrals, notifications, or other documents maintained by PHMSA relating to the workplace injury of our client occurring on or about October 20, 2025 near Old Camp Road, Converse, Louisiana.
PHMS-2026-00204	06/09/2026	Individual	Pursuant to the Oklahoma Open Records Act and Federal Freedom of Information Act (FOIA). We are formally requesting copies of the following public records concerning the pipelines asset managed by

			Centurion Pipeline L.P. located in Lincoln County, Cushing, Oklahoma. 1) The approved H2S Contingency Plan and calculated Radius of Exposure (ROE) metrics for these pipeline corridors. 2) Finalized pipeline safety inspection reports and corrective action logs filed within the last 10 calendar years. 3) Historical incident, leak, or spill reports linked to this specific pipeline IDs: 7616FC661852E053, 616FAF11852E053, 7616FC681852E053 4) Dispersion Modeling Reports 5) Maximum Allowable Operating Pressure (MAOP) Validation Records 6) Hydrostatic Test Reports 7) In-Line Inspection (ILI)/ Pigging Data Summary 8) Cathodic Protection Survey Logs 9) Valve Placement and Automation Logic 10) Valve Maintenance and Testing Logs 11) SCADA System Specifications 12) PHMSA form 21 or state equivalent 13) Emergency Response Plan (ERP) 14) Public Awareness Liaison Records
PHMS-2026-00205	06/10/2026	City of Newport	I am submitting a Freedom of Information Act request for the Oil Spill Response Plans. If there is a specific plan for the ONEOK company, I would like that specific Oil Spill Response Plan.
PHMS-2026-00206	06/10/2026	TGE Resources	We are looking for information pertaining to a pipeline spill involving crude oil that occurred in 2024 located at 6581 FM 877, Ennis TX
PHMS-2026-00207	06/12/2026	Hamilton Wingo	Pursuant to the Freedom of Information Act, 5 U.S.C. §552, we request copies of all records concerning this incident. This request includes, but is not limited to, the following: 1. Atmos Energy Corporation's DOT Form F 7100.1 incident report (30-day report) and all supplements for the May 28, 2026 natural gas explosion at 409 E. 9th Street, Dallas, Texas. 2. Any PHMSA special investigation, inspection, or enforcement records arising from the incident. 3. All correspondence between PHMSA and Atmos Energy or the Railroad Commission of Texas concerning the incident. 4. National Pipeline Mapping System data for the area of 409 E. 9th Street, Dallas, Texas 75203. 5. All scene photographs, video, drone footage, body-worn camera, and any other recordings of the scene, response, and investigation. 6. Copies of all witness statements and witness identifications. 7. Copies of any departmental memoranda or messages sent or received by the investigating officers concerning this incident. 8. A copy of any and all findings by any other parties, including any documentation, field notes and calculations that have been provided to the investigating officer and/or your agency in regard to this incident. 9. All correspondence between PHMSA and Atmos Energy or the Railroad Commission of Texas concerning work at 409 E. 9th Street or 309 E. 8th Street from May 28, 2025 to present.
PHMS-2026-00208	06/15/2026	Kherkher Garcia, LLP	We hereby request all findings, reports, communications, documents, photos, videos, audio, witness statements, notes, and all other materials related to PHMSAs joint assessment of Atmos Energy Corporation that was commenced after the January 2024 home explosion in Jackson,

			Mississippi and that is referenced in the NTSBs investigative report: PHMSA initiated a joint assessment of Atmos's natural gas distribution and natural gas transmission operations with assistance from the NTSB and the eight state partners that regulate Atmos's facilities. PHMSA opened the assessment to learn more about Atmos's pipeline systems, its approach to safety management, and its safety performance. PHMSA's assessment is ongoing.
PHMS-2026-00209	06/15/2026	Euna Solutions	Under the Freedom of Information Act (5 U.S.C. § 552), I would like to request a copy of the winning grant application detailed below: Funding Opportunity Title: Hazardous Materials Emergency Preparedness Grant - FY 2022 Agency/Office: U.S. Department of Transportation; Pipeline and Hazardous Materials Safety Administration Funding Opportunity Number (FON): 693JK322NF0011 Assistance Listing Number: 20.703 Fiscal Year: 2022 Applicant: Texas Division of Emergency Management Funding Awarded: \$1.5 million For additional clarification, I am seeking a copy of the application that was submitted by the applicant to the program detailed above, not a copy of the award contract. I would like to receive the
PHMS-2026-00210	06/30/2026	Bloomberg Industry Group	I request access to and copies of: Any and all documents and communications from GS-13 to G-15 employees and political appointees between September 2025 and April 2026 including the following key terms: "Sable," "Las Flores Pipeline," "Santa Ynez," the acronym "SYU," "CA-324," "CA-325," and "Jim Flores."
PHMS-2026-00211	06/16/2026	TGE Resources	We are looking for information pertaining to a pipeline spill involving petroleum that occurred in 2024 located at 6581 FM 877, Ennis TX. The TRRC case ID assigned to the incident is 395863; PHMSA ID 39596 The following information is requested: - Discharge permit documentation (if any) -Field inspections reports conducted by the case engineer -Remediation (cleanup) reports and associated approval -Photographs of the subject area -Any other pertinent information pertaining to the spill and subsequent remedial actions
PHMS-2026-00212	06/16/2026	Individual	All first party records for self.
PHMS-2026-00213	06/17/2026	Michalk, Beatty & Alcozer, L.P.	I am seeking information concerning a natural gas explosion of a small wood frame home that occurred at 105 Gulf Avenue in Rogers, Texas (Bell County) on December 24, 2023, that resulted in severe injuries to the occupants of the home, as well as a fatality. Atmos Energy was the gas supplier. Shortly after the explosion it was determined by Atmos that there was a major leak in the gas line running under the road directly in front of the house. The leak was a result of a pull-out. Pursuant to the FOIA I am requesting copies of the of the following: 1. All documents that have been generated in connection with this incident whether by PHMSA or NTSB, or provided by Atmos Energy; 2. All documents generated by PHMSA or NTSB informing Atmos Energy of the dangers or risks associated with compression coupling leaks;

			3. All documents provided to Atmos Energy concerning management leak programs or insufficiency of the same; 4. All documents stressing the need for an effective public awareness program; 5. All documents provided to Atmos Energy stressing, warning or recommending the need to replace compression couplings that have a tendency to pull-out resulting in a gas leak; 6. All documents warning Atmos Energy of the tendency of natural gas to migrate through the ground and into homes where it can fuel an explosion; 7. All documents provided by Atmos Energy containing leak surveys that detected leaks within a 5-mile radius of 105 Gulf Avenue in Rogers, Texas (Bell County with corresponding dates and action taken; 8. All documents provided by Atmos reflecting its leak management procedures in effect between January 1, 2012 and December 24, 2023; 9. All documents generated in connection with any investigation of a gas explosion involving Atmos Energy; 10. All documents provided to Atmos Energy containing the result of NTSB's investigation of an explosion involving Atmos Energy and the corresponding recommendations provided to Atmos Energy following the completion of the investigation; 11. All documents provided to Atmos Energy by the NTSB or documents provided by NTSB to Atmos energy containing the bar-hole testing where explosive levels of natural gas was detected; 12. All documents provided by Atmos Energy to the NTSB containing the results of mobile leak surveys performed within a 5-mile radius of 105 Gulf Avenue, Rogers, Texas (Bell County); 13. All documents provided to Atmos Energy stressing the importance of monitoring gas lines in certain soils and in certain weather conditions; 14. All documents containing the survey data of any public awareness program conducted by Atmos Energy in Bell County, Texas; 15. All documents generated from the investigation of any natural gas explosion involving Atmos Energy where the cause or the contributing cause of the explosion involved a Dresser coupling that pulled apart at the metal-to-plastic (polymer) pipe transition; 16. Any memorandums issued to Atmos Energy expressing concern about Dresser couplings and their tendency to pull out and cause gas leaks; 17. Complete inspection and compliance file on Atmos Energy for Bell County, Texas and surrounding service territory; 18. All correspondence between Atmos Energy and the NTSB regarding Dresser couplings; 19. All correspondence between Atmos Energy and the NTSB regarding underground pipe pullout; 20. All documents relating to any prior enforcement action, notices of violation, or compliance orders issued to Atmos Energy for pipeline failures or any violation; 21. All incident reports filed with PHMSA
PHMS-2026-00214	06/22/2026	Continental Haul Logistics LLC	I am requesting an electronic copy of the master bulk registrant records maintained within the PHMSA Hazardous Materials Registration System.

			Specifically, I am requesting the full bulk data table or database export containing all entities that registered as an offeror or carrier of hazardous materials for Registration Year 20232024 and Registration Year 20242025 pursuant to 49 CFR Part 107, Subpart G. Please provide this data in a machine-readable flat format (such as CSV or XLSX) including company name, USDOT number, address, and registered hazardous materials activity categories.
PHMS-2026-00215	06/22/2026	Individual	To the Public Records Officer, In Pursuant to the Oklahoma Open Records Act and Federal Freedom of Information Act (FOIA) we have narrowed down the documents requested, the specific year 2021 and location of pipeline IDs: 7616FC661852E053, 7616FAF11852E053, 7616FC681852E053 that we are referring to: A parcel of land located in the Southwest quarter of Northwest quarter of section 27, Township17 North, Range 5 East, of the Indian Base and meridian, county of Lincoln, Oklahoma or another identification Mile Post 12. 1) Material Data Sheets (MDS) including coatings inside and outside of pipelines for year 2021 2) Pipeline Integrity Management (PIM) 2021 3) Spill Prevention, Control, and Countermeasure (SPCC) 2021 4) The approved H2S Contingency Plan and calculated Radius of Exposure (ROE) 2021 5) Metrics for these corridors and the finalized pipeline safety inspection reports 2021 6) PHMSA form 21, year 2021 7) Emergency Response Plan (ERP) 2021 8) Public Awareness Liaison Records 2021
PHMS-2026-00216	06/23/2026	ProPublica	I hereby request all records produced as part of this existing request that appears in PHMSA's FOIA log: PHMS-2026-00114 submitted by Environmental Defense Fund on 03/04/2026.
PHMS-2026-00217	06/24/2026	NRC - Republic Services	Specifically, I request any existing electronic records containing, where maintained: Operator name Operator address PHMSA Operator Identification Number (OPID) Plan identification number Plan status (approved, pending, under review, inactive, or equivalent designation) Plan approval date Plan review, update, or renewal date Name of the contracted Oil Spill Removal Organization (OSRO) or response contractor, if maintained in structured form If easily accessible within Pipeline system name Pipeline type (e.g., crude oil, refined products, hazardous liquid) Geographic region or response zone information
PHMS-2026-00218	06/24/2026	Individual	Under the Freedom of Information Act, 5 U.S.C. 52, I am requesting copies of records regarding the 43-mile, 8-inch diameter pipeline segment running from Cushing, OK to Glenpool, OK, currently operated by ONEOK (formerly Magellan Midstream Partners), specifically identified as Unit ID 6901 (or Line 6901). I am requesting the following documents: 1. Technical Evaluations & Change in Service Records: Any technical evaluations, engineering studies, or risk assessments submitted to or conducted by PHMSA regarding the conversion of this line from crude oil service to butane (HVL) service. 2. Special Permits: Copies of any active or expired Special Permits (and

			associated "Special Permit Analysis and Findings") granted for this specific segment. 3. Integrity Management Records: The most recent In-Line Inspection (ILI/Pigging) summary reports and any "Notice of Probable Violation" (NOPV) or corrective action orders issued for this unit in the last 10 years. 4. Repair & Condition Reports: Documentation related to the pipe's original manufacture date, longitudinal seam type (e.g., LF-ERW), and any recent structural repairs.
PHMS-2026-00219	06/25/2026	Pfeiffer Vacuum + Fab Solutions	I am writing to request copies of the approval records associated with the following approval numbers listed in the Hazardous Materials Approvals Search system: CA2013120005 CA2016070022 CA2018100507
PHMS-2026-00220	06/26/2026	Holtzman Vogel Baran Torchinsky & Josefiak	I request records and correspondence in the possession of the Pipeline and Hazardous Materials Safety Administration (PHMSA). Specifically, I request the following records1 : i. The 2026 log of FOIA requests made upon the PHMSA current up to the date of fulfillment of this request. Within these logs I am requesting that you include at least the following fields of information if they are not already included in the format of PHMSAs FOIA logs: i. The name of the requester. ii. The date of receipt of the FOIA request. iii. The test of the request, or if not possible, a summary of thereof. iv. Whether or not the request was fulfilled or to what extent. v. The date of fulfillment. vi. Any exceptions invoked as the reason for full or partial denial.
PHMS-2026-00221	06/29/2026	Newton, Jones & McNeely	This firm represents a party with an interest in litigation arising from a pipeline incident that occurred on or about April 22, 2026, at approximately 3:00 p.m., along County Road 310 near FM 1822, south of Edna, in Jackson County, Texas. The incident involved a pipeline owned and/or operated by Kinder Morgan Texas Pipeline LLC, Kinder Morgan Texas Pipeline LLC, and/or Kinder Morgan, Inc. (collectively, the Operator), and resulted in one fatality and serious burn injuries to two members of a contract crew. Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and applicable U.S. Department of Transportation regulations (49 C.F.R. Part 7), we respectfully request copies of the following records concerning this incident (the Incident), created or received from January 1, 2026 to the date this request is processed: 1.The Operators incident report(s) submitted to PHMSA for the Incident, including PHMSA Form F 7100.2 (Natural and Other Gas Transmission and Gathering Pipeline Systems) and/or Form F 7100.1 (Gas Distribution System), in original, supplemental, amended, and final form, together with all attachments and narrative supplements. 2. The initial telephonic notification made to the National Response Center (NRC) regarding the Incident, the NRC incident report or report number, and the 48-hour update submitted under 49 C.F.R. Part 191. 3. Any Failure Investigation Report (FIR) prepared by or for PHMSA concerning the Incident, including all

			drafts, metallurgical or laboratory analyses, and supporting exhibits. 4. Any Corrective Action Order, Notice of Proposed Safety Order, Notice of Probable Violation, Notice of Amendment, Warning Letter, or other enforcement or compliance document issued to or concerning the Operator in connection with the Incident. 5. All PHMSA inspector and investigator field notes, inspection reports, witness statements, photographs, video, diagrams, and measurements generated in connection with the Incident or any related site investigation. 6. All correspondence and communications (including email) between PHMSA and the Operator, and between PHMSA and the Railroad Commission of Texas, the National Transportation Safety Board, or any other agency concerning the Incident. 7. Any Safety-Related Condition Report submitted under 49 C.F.R. § 191.23 for the pipeline segment or facility involved in the Incident. 8. Any records reflect a determination, preliminary or final, of the cause or probable cause of the Incident. 9. Integrity-management, in-line-inspection, pressure-test, and maintenance records for the affected pipeline segment to the extent referenced, relied upon, or generated in PHMSAs review of the Incident.
PHMS-2026-00222	06/29/2026	NRC - Republic Services	Pursuant to the Freedom of Information Act, 5 U.S.C. 552, I request copies of any existing electronic databases, indexes, spreadsheets, reports, or tracking systems maintained by PHMSA that identify operators subject to the requirements of 49 CFR Part 194 (Response Plans for Onshore Oil Pipelines). Specifically, I request any existing electronic records containing, where maintained: Operator name Operator contact name Operator contact email address Operator contact phone number Operator address PHMSA Operator Identification Number (OPID) Plan identification number Plan status (approved, pending, under review, inactive, or equivalent designation) Plan approval date Plan review, update, or renewal date Name of the contracted Oil Spill Removal Organization (OSRO) or response contractor, if maintained in structured form If easily accessible within Pipeline system name Pipeline type (e.g., crude oil, refined products, hazardous liquid) Geographic region or response zone information
