Concerns

Design and Construction : Construction (DC.CO)

Question Title, ID Repair of Steel Pipe, DC.CO.REPAIR.O

Question 11. Do field observations confirm repairs to steel pipe being made in accordance with §192.309?

References 192.303 (192.309)

Assets Covered Mountain Valley Pipeline - WV (New Construction) (85614)

Issue Summary During field observation on February 8, 2024 at Access Road 215, a PHMSA inspector observed that there could be some mill defects on a pipe. Equitrans will run MFL tool and that could provide assessment of the integrity of the pipe.

This document is for informational purposes only. It does not commit PHMSA or state pipeline safety regulators to any of the findings, analyses, determinations, conclusions or other information contained herein. All the findings, analyses, determinations, conclusions or other information in the document are preliminary in nature and subject to change without notice, at the discretion of PHMSA or state pipeline safety regulators. The absence of findings, analyses, determinations, conclusions or other information in this document does not constitute an approval of an operator's facility, records, or procedures. Future inspections or investigations may identify additional matters of concern regarding topics that were covered during this inspection.
