Emergency Waiver Order No. 13

United States Coast Guard Eighth District
500 Poydras Street
New Orleans, LA 70130

EMERGENCY WAIVER ORDER

In accordance with the provisions of 49 U.S.C. § 5103(c), the Administrator for the Pipeline and Hazardous Materials Safety Administration (PHMSA), hereby declares that an emergency exists that warrants issuance of a Waiver of the Hazardous Materials Regulations (HMR, 49 C.F.R. Parts 171-180) to persons conducting operations under the direction of Environmental Protection Agency (EPA) Region 7 or United States Coast Guard (USCG) 8th District within the Nebraska and Iowa disaster areas. The Waiver is granted to support EPA and USCG in taking appropriate actions to prepare for, respond to, and recover from a threat to public health, welfare, or the environment caused by actual or potential oil and hazardous materials incidents resulting from the Nebraska and Iowa disasters.

On March 21, 2019, the President issued an Emergency Declaration for Nebraska Severe Winter Storm, Straight-line Winds, And Flooding (DR-4420) for the counties of Banner, Box Butte, Butler, Cass, Cuming, Dodge, Douglas, Fillmore, Gage, Jefferson, Morrill, Polk, Sarpy, Saunders, Sheridan, Sioux, Thurston, and Wayne.

On March 23, 2019, the President issued an Emergency Declaration for Iowa Severe Storms And Flooding (DR-4421) for the counties of Adair, Allamakee, Audubon, Boone, Bremer, Buena Vista, Butler, Calhoun, Carroll, Cass, Cherokee, Clay, Crawford, Dallas, Decatur, Dickinson, Emmet, Fayette, Franklin, Fremont, Greene, Guthrie, Hamilton, Hancock, Hardin, Harrison, Howard, Humboldt, Ida, Iowa, Jasper, Kossuth, Lyon, Madison, Mahaska, Marshall, Mills, Monona, Montgomery, O'Brien, Osceola, Page, Plymouth, Pocahontas, Polk, Pottawattamie, Sac, Shelby, Sioux, Tama, Union, Webster, Winnebago, Winneshiek, Woodbury, and Wright.

This Waiver Order covers all areas identified in the declarations, as amended. Pursuant to 49 U.S.C. § 5103(c), PHMSA has authority delegated by the Secretary (49 CFR § 1.97(b)(3)) to waive compliance with any part of the HMR provided that the grant of the waiver is: (1) in the public interest; (2) not inconsistent with the safety of transporting hazardous materials; and (3) necessary to facilitate the safe movement of hazardous materials into, from, and within an area of

a major disaster or emergency that has been declared under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. § 5121 et seq.).

Given the continuing impacts caused by the Nebraska and Iowa disasters, PHMSA's Administrator has determined that regulatory relief is in the public interest and necessary to ensure the safe transportation in commerce of hazardous materials while EPA and USCG execute their recovery and cleanup efforts in the disaster areas. Specifically, PHMSA's Administrator finds that issuing this Waiver Order will allow EPA and USCG to conduct their Emergency Support Function # 10 response activities under the National Response Framework to safely remove, transport, and dispose of hazardous materials.

By execution of this Waiver Order, persons conducting operations under the direction of EPA Region 7 or USCG 8th District within the Nebraska and Iowa disaster areas are authorized to offer and transport non-radioactive hazardous materials under alternative safety requirements imposed by EPA Region 7 or USCG 8th District when compliance with the HMR is not practicable. Under this Waiver Order, non-radioactive hazardous materials may be transported to staging areas within 50 miles of the point of origin. Further transportation of the hazardous materials from staging areas must be in full compliance with the HMR.

This Waiver Order is effective immediately and shall remain in effect for 60 days from the date of issuance.

Dated: 03/29/2019

Howard R. Elliott,
Administrator
Pipeline and Hazardous
Materials Safety Administration
