Rulemaking Concerning Traffic Protective Conditions in Railroad Consolidation Proceedings

AGENCY: Interstate Commerce Commission.

ACTION: Extension of time to comment on notice of proposed rulemaking. Corrected Notice.

SUMMARY: A Notice of Proposed Rulemaking in this proceeding was published at 45 FR 46461 (July 10, 1980). The notice proposed a rule to treat the imposition of traffic protective conditions in future railroad consolidation proceedings, and to interpret existing traffic protective conditions imposed in past railroad consolidation proceedings. Comments were required to be filed in 60 days.

In response to a petition for extension by the Commission's Office of Special Counsel, a decision was entered extending the comment period 30 days to October 8, 1980. By September 8, 1980, all parties planning to participate must notify the Commission, and indicate whether they intend to participate generally, on the facts of a particular consolidation, or both. From this information a service list shall be prepared and distributed. General comments must be served to all parties on the service list. Comments concerning the retention of the "DT&I conditions" in a specific proceeding need only be served on the applicants in that proceeding. Replies may be permitted at a later date.

In the Federal Register of August 26, 1980, 45 FR 56849, it was incorrectly stated that the comment period is extended to October 30, 1980. The comment period is extended only to October 8, 1980. Also, the person to contact for further information is Ellen D. Hanson.

DATES: The comment period is extended to October 8, 1980. By September 8, 1980,

all parties planning to participate must notify the Commission, and indicate whether they intend to participate generally, on the facts of a particular consolidation, or both.

FOR FURTHER INFORMATION CONTACT: Ellen D. Hanson, (202) 275-7245.
