CHAPTER X—INTERSTATE COMMERCE COMMISSION

SUBCHAPTER A—GENERAL RULES AND REGULATIONS

[Fifteenth Rev. Ser. Or. No. 1234]

PART 1033—CAR SERVICE

Distribution of Freight Cars

AGENCY: Interstate Commerce Commission.

ACTION: Emergency Order; Fifteenth Revised Service Order No. 1234.

SUMMARY: There are serious shortages of freight cars of the sizes and numbers required to comply with certain tariff provisions. Service Order No. 1234 authorizes the carriers to substitute sufficient smaller cars for the larger cars required for shipments of specified commodities in order to meet minimum volume requirements but without limitations as to the number of cars to be used by each shipment. Fifteenth Revised Service Order No. 1234 adds alfalfa pellets and beet pulp to the list of commodities for which smaller cars may be substituted for the larger cars customarily used.

DATES: Effective 11:59 p.m., January 2, 1979. Expires 11:59 p.m., June 30, 1979.

SUPPLEMENTARY INFORMATION:

The Order is printed in full below.

Decided January 2, 1979.

There is an acute shortage of high capacity freight cars for transporting shipments of *alfalfa pellets, barium sulphate (crude barite, ground or not ground), beet pellets, *beet pulp, citrus pellets, citrus pulp, clay, coal, cottonseed hulls, electrode binder pitch, fertilizer, fish meal, grain, grain products, gypsum, gypsum rock, peanuts, peanut hulls, pencil pitch, perlite, phosphate (dried or ground, treated or untreated), salt, soybeans, soybean hulls, soybean products or sunflower seeds, caused by certain tariff provisions specifying the minimum quantities that must be loaded into cars offered to the carriers for transport. At the same time smaller cars, suitable except as to capacity, are available for transporting these products. The inability of the carriers and shippers to utilize the smaller capacity cars in place of the larger cars required by tariff provisions is resulting in great economic loss to both shippers and carriers. In the opinion of the Commission, an emergency exists requiring immediate action to modify existing rules, regulations and practices with respect to car service to secure maximum utilization of the available supply of freight cars and to alleviate shortages of cars. Accordingly, the Commission finds that notice and public procedure are impracticable and contrary to the public interest, and that good cause exists for making this order effective upon less than thirty days' notice.

It is ordered,
