2018 Gas State Program Evaluation -- CY 2018 Gas

State Agency: New Hampshire Rating:

Agency Status: 60105(a): Yes 60106(a): No Interstate Agent: No

Date of Visit: 06/18/2019 - 06/20/2019

Agency Representative: Randy Knepper, Director Safety Division

PHMSA Representative: Rex Evans

Commission Chairman to whom follow up letter is to be sent:

Name/Title:

Mr. Martin Honigberg, Chairman

Agency: New Hampshire Public Utilities Commission

Address: 21 South Fruit Street, Suite 10 City/State/Zip: Concord, NH 03301-2429

INSTRUCTIONS:

Complete this evaluation in accordance with the Procedures for Evaluating State Pipeline Safety Program. The evaluation should generally reflect state program performance during CY 2018 (not the status of performance at the time of the evaluation). All items for which criteria have not been established should be answered based on the PHMSA representative's judgment. A deficiency in any one part of a multiple part question should be scored as needs improvement. Determine the answer to the question then select the appropriate point value. If a state receives less then the maximum points, include a brief explanation in the space provided for general comments/regional observations. If a question is not applicable to a state, select NA. Please ensure all responses are COMPLETE and ACCURATE, and OBJECTIVELY reflect state program performance. Increasing emphasis is being placed on performance. This evaluation together with selected factors reported in the state's annual progress report attachments provide the basis for determining the state's pipeline safety grant allocation.
