# 2018 Gas State Program Evaluation -- CY 2018 Gas

State Agency: Idaho Rating:

Agency Status: 60105(a): Yes 60106(a): No Interstate Agent: No

**Date of Visit:** 

Agency Representative: PHMSA Representative:

Commission Chairman to whom follow up letter is to be sent:

Name/Title: Agency: Address: City/State/Zip:

#### **INSTRUCTIONS:**

Complete this evaluation in accordance with the Procedures for Evaluating State Pipeline Safety Program. The evaluation should generally reflect state program performance during CY 2018 (not the status of performance at the time of the evaluation). All items for which criteria have not been established should be answered based on the PHMSA representative's judgment. A deficiency in any one part of a multiple part question should be scored as needs improvement. Determine the answer to the question then select the appropriate point value. If a state receives less then the maximum points, include a brief explanation in the space provided for general comments/regional observations. If a question is not applicable to a state, select NA. Please ensure all responses are COMPLETE and ACCURATE, and OBJECTIVELY reflect state program performance. Increasing emphasis is being placed on performance. This evaluation together with selected factors reported in the state's annual progress report attachments provide the basis for determining the state's pipeline safety grant allocation.

## PART A - Progress Report and Program Documentation Review

Points(MAX) Score

1 Accuracy of Jurisdictional Authority and Operator/Inspection Units Data - Progress	1	1
Report Attachment 1		
Yes = 1  No = 0  Needs Improvement = .5		
Evaluator Notes:		
Data is accurate and all units were inspected in CV2018		

IPUC began investigating 11 facilities to determine if they are jurisdictional master meter systems. They have since determined 6 of the 11 facilities are not jurisdictional. Investigation on the remaining 5 should be completed by 12/31/2019. IPUC originally committed to having this completed by 12/31/2018, but did not meet that deadline. No point deduction but IPUC needs to complete this investigation by 12/31/2019 to avoid future deductions.

1 1 2 Review of Inspection Days for accuracy - Progress Report Attachment 2 Yes = 1 No = 0 Needs Improvement = .5**Evaluator Notes:** Reviewed inspection-person day activity results to individual time sheets. Inspection days appear to be reflected appropriately.

3 Accuracy verification of Operators and Operators Inspection Units in State - Progress Report Attachment 3

Yes = 1 No = 0 Needs Improvement = .5

**Evaluator Notes:** 

Operators and operator inspection units are accurate in Attachment 3 of Progress Report.

Were all federally reportable incident reports listed and information correct? - Progress 1 1 Report Attachment 4

Yes = 1 No = 0 Needs Improvement = .5

**Evaluator Notes:** 

There were no federally reportable incidents in CY2018.

1 0.5 Accuracy verification of Compliance Activities - Progress Report Attachment 5 Yes = 1 No = 0 Needs Improvement = .5

**Evaluator Notes:** 

Attachment #5 had some inaccuracies that required a change to the Progress Report. One half point deduction.

2 6 Were pipeline program files well-organized and accessible? - Progress Report 2 Attachment 6

Yes = 2 No = 0 Needs Improvement = 1

Files appear to be well organized. Program Manager and other staff were capable of readily accessing requested documents.

7 Was employee listing and completed training accurate and complete? - Progress Report 1 Attachment 7

Yes = 1 No = 0 Needs Improvement = .5

Reviewed information on each inspector and compared completion courses to TQ records. All employees participating in the pipeline safety program were listed properly.

8 Verification of Part 192,193,198,199 Rules and Amendments - Progress Report Attachment 8

Yes = 1 No = 0 Needs Improvement = .5

**Evaluator Notes:** 

9 List of Planned Performance - Did state describe accomplishments on Progress Report in 1
 1 detail - Progress Report Attachment 10

Yes = 1 No =  $\frac{1}{0}$  Needs Improvement = .5

**Evaluator Notes:** 

Yes, a sufficient list of detailed information on accomplishments and future activities was provided. IPUC was encouraged to develop goals on dig-in reduction. The State's current hit/1000 one-call ticket ratio is 6.4, significantly higher than the National average.
