2010 Natural Gas State Program Evaluation -- CY 2010 Natural Gas

State Agency: Illinois Rating:

Agency Status: 60105(a): Yes 60106(a): No Interstate Agent: No

Date of Visit: 08/22/2011 - 08/26/2011 **Agency Representative:** Darin Burk PHMSA Representative: Leonard Steiner

Commission Chairman to whom follow up letter is to be sent:

Name/Title: Douglas P. Scott, Chairman Illinois Commerce Commission Agency: Address: 527 East Capitol Avenue

City/State/Zip: Springfield, Illinois 62794-9280

INSTRUCTIONS:

Complete this evaluation in accordance with the Procedures for Evaluating State Pipeline Safety Program. The evaluation should generally reflect state program performance during CY 2010 (not the status of performance at the time of the evaluation). All items for which criteria have not been established should be answered based on the PHMSA representative's judgment. A deficiency in any one part of a multiple part question should be scored as needs improvement. Determine the answer to the question then select the appropriate point value. If a state receives less then the maximum points, include a brief explanation in the space provided for general comments/regional observations. If a question is not applicable to a state, select NA. Please ensure all responses are COMPLETE and ACCURATE, and OBJECTIVELY reflect state program performance. Increasing emphasis is being placed on performance. This evaluation together with selected factors reported in the state's annual certification/agreement attachments provide the basis for determining the state's pipeline safety grant allocation.

Field Inspection (PART F):

The field inspection form used will allow different areas of emphasis to be considered for each question. Question 13 is provided for scoring field observation areas. In completing PART F, the PHMSA representative should include a written summary which thoroughly documents the inspection.

a. State Jurisdiction and agent status over gas facilities (1)	\boxtimes	
b. Total state inspection activity (2)	\boxtimes	
c. Gas facilities subject to state safety jurisdiction (3)	\boxtimes	
d. Gas pipeline incidents (4)	\boxtimes	
e. State compliance actions (5)	\boxtimes	
f. State record maintenance and reporting (6)	\boxtimes	
g. State employees directly involved in the gas pipeline safety program (7)	\boxtimes	
h. State compliance with Federal requirements (8)	\boxtimes	
SLR Notes:		
Did the state have an adequate mechanism to receive operator reporting of incidents to ensure state compliance with 60105(a) Certification/60106(a) Agreement requirements (fatality, injury requiring hospitalization, property damage exceeding \$50,000 - Mechanism should include receiving "after hours" reports)? (Chapter 6) Previous Question A.2 Yes = 1 No = 0	1	1
SLR Notes:		
Has the state held a pipeline safety TQ seminar(s) in the last 3 years? (NOTE: Indicate date of last seminar or if state requested seminar, but T&Q could not provide, indicate date of state request for seminar. Seminars must be held at least once every 3 calendar years.)
