2011 Natural Gas State Program Evaluation -- CY 2011 Natural Gas

State Agency: Utah Rating:

Agency Status: 60105(a): Yes 60106(a): No Interstate Agent: No

Date of Visit: 07/10/2012 - 07/12/2012

Agency Representative: Al Zadeh, Program Manager

PHMSA Representative: Rex Evans

INSTRUCTIONS:

Complete this evaluation in accordance with the Procedures for Evaluating State Pipeline Safety Program. The evaluation should generally reflect state program performance during CY 2011 (not the status of performance at the time of the evaluation). All items for which criteria have not been established should be answered based on the PHMSA representative's judgment. A deficiency in any one part of a multiple part question should be scored as needs improvement. Determine the answer to the question then select the appropriate point value. If a state receives less then the maximum points, include a brief explanation in the space provided for general comments/regional observations. If a question is not applicable to a state, select NA. Please ensure all responses are COMPLETE and ACCURATE, and OBJECTIVELY reflect state program performance. Increasing emphasis is being placed on performance. This evaluation together with selected factors reported in the state's annual progress report attachments provide the basis for determining the state's pipeline safety grant allocation.

Field Inspection (PART G):

The field inspection form used will allow different areas of emphasis to be considered for each question. Question 13 is provided for scoring field observation areas. In completing PART G, the PHMSA representative should include a written summary which thoroughly documents the inspection.

PART A - Progress Report and Program Documentation Review

Points(MAX) Score

1 Accuracy of Jurisdictional Authority and Operator/Inspection Units Data - Progress 1 Report Attachment 1 (A1a)

Yes = 1 No = 0 Needs Improvement = .5

Evaluator Notes:

Clarified that when no operators in state, should still show as 60105 with Zero operators. Needs improvement as MM inspection units was reported incorrectly.

2 Review of Inspection Days for accuracy - Progress Report Attachment 2 (A1b)

1

0.5

1

Yes = 1 No = 0 Needs Improvement = .5

Evaluator Notes:

Reviewed days - appear to be calculated correctly during file review. Field days are summarized for each inspector.

3 Accuracy verification of Operators and Operators Inspection Units in State - Progress
Report Attachment 3 (A1c)

0.5

Yes = 1 No = 0 Needs Improvement = .5

Evaluator Notes:

Inspection units for Questar for intrastate transmission not broken out. Reviewed inspection unit total should match attach 1 inspection units.

Were all federally reportable incident reports listed and information correct? - Progress 1 Report Attachment 4 (A1d)

Yes = 1 No = 0 Needs Improvement = .5

Evaluator Notes:

Found no reportable incidents needing to be included.

5 Accuracy verification of Compliance Activities - Progress Report Attachment 5 (A1e) 1 0

Yes = 1 No = 0 Needs Improvement = .5

Evaluator Notes:

Compliance Activities for Questar could not be reconciled. Discussion with David Hassel indicated that he considered each item to be a noncompliance and contrary to instructions and poor record keeping needs to be addressed on future submissions.

6 Were pipeline program files well-organized and accessible? - Progress Report 2
Attachment 6 (A1f, A4)

2

Yes = 2 No = 0 Needs Improvement = 1

Evaluator Notes:

Full points given, but attention needs to be given on "official" files to make sure any future generation of staff can find necessary information and understand any course of action being taken.

Was employee listing and completed training accurate and complete? - Progress Report 1 1 Attachment 7 (A1g)

Yes = 1 No = 0 Needs Improvement = .5

Evaluator Notes:

No issues. Dave Coombs, part-time retired training did not show up on course list, informed Al Z to contact TQ to make sure he is listed active.

8 Verification of Part 192,193,198,199 Rules and Amendments - Progress Report 1
Attachment 8 (A1h)

Yes = 1 No = 0 Needs Improvement = .5

Evaluator Notes:

Allowing full points as comments were made indicating civil penalties even though marked incorrectly. 2 Points were deducted on 2011 progress report scoring which affected 2012 allocation.

1

List of Planned Performance - Did state describe accomplishments on Progress Report in detail - Progress Report Attachment 10 (H1-3)
 Yes = 1 No = 0 Needs Improvement = .5

Evaluator Notes:

Time should be taken to make sure the progress report is filled out correctly and do not necessarily assume what was done the year before is correct. Ask for liaison review if necessary.
