Mr. Jon F. Jacquot
Wyoming Public Service Commission
Supreme Court Building
Cheyenne, WY 82002

Dear Mr. Jacquot:

This responds to your letter of May 14, 1974, asking whether Subpart I of 49 CFR Part 192 applies to gathering systems in nonrural areas.

Subpart I applies to all pipelines subject to Part 192, including gathering lines in nonrural areas as described in Section 192.1. Where certain requirements in Subpart I specifically relate to transmission lines, these requirements apply with equal force to gathering lines as provided in section 192.9.

We trust this satisfactorily answers your inquiry.

Sincerely,

/signed/

Joseph C. Caldwell
Director
Office of Pipeline Safety

RE: Corrosion control on gathering
systems in nonrural areas.

Dear Mr. Caldwell:

Having reviewed Subpart I of the Minimum Federal Safety Standards a question has been raised as to whether the requirements for Subpart I are applicable to gathering systems in nonrural areas. No mention is made in Subpart I of gathering systems and only transmission and distribution systems are mentioned.

Your prompt reply to this inquiry is appreciated.

Very truly yours,

Jon F. Jacquot
Pipeline Safety Engineer
